FROM THE PRINCIPAL'S DESK

Cultivating Brilliance in our Living School

Dear Parents and Learners,

It is a profound honor to welcome you to this edition of our school magazine—a vibrant canvas that captures the essence of Educon International School (EIS). At the heart of our institution lies the **"Living School"** concept, a unique educational philosophy where the curriculum is not merely taught but experienced. By implementing our **Holistic Well-being Pedagogy**, we ensure that learning evolves to meet the child, anchored in our guiding belief: “If a child is not learning the way we teach, we must teach the way the child learns.”

The purpose of education imparted at EIS is to enable each student to be a successful learner, a confident individual, a responsible citizen, and an effective contributor. We celebrate the neurodiversity of our learners, ensuring our pedagogical frameworks are as multifaceted as the students they serve. Through the dedication of our qualified, creative, and competent staff, we utilize a comprehensive curriculum for excellence within a student-centric, safe learning environment. Our ultimate goal is to develop in every student the "zest" to be a lifelong learner, equipped with both academic prowess and traditional Indian values.

As you flip through these pages, you will see beautiful artifacts of student creativity. However, these are but small glimpses into a much larger journey. I am immensely proud of the brilliance and confidence our students have displayed throughout the entire year. While these artworks are stunning, the true "magic" lies in the consistent, high-level cognitive work they have performed daily. Their **dedication and "Josh"** in every activity truly define EIS excellence.

This success is a shared masterpiece. To our parents: the synergy between home and school is the cornerstone of our 'Living School' model. Your unwavering trust and collaboration are the catalysts for our student's achievements. Together, through the EDUCON framework—representing Excellence, Dedication, and the Nurturing of young minds—we ensure our students develop ethical integrity as the true precursor to global leadership. I invite our students to remain relentless in their pursuit of knowledge and to lead with the confidence of lifelong learners.

Ruchi Dhakephalkar
Principal
Educon International School, Hinjawadi

OUR VISION AND MISSION

WELCOME TO EDUCON INTERNATIONAL SCHOOL

EIS welcomes you and your child to a new experience in education. Educon International School is a progressive Living school which is child centered, co-educational private school committed to providing quality education. Educon International School follows the Indian Certificate of Secondary Education (ICSE) curriculum integrated with education for global citizenship.

OUR MISSION

Purpose of education imparted at EIS is to enable each student to be a successful learner, a confident individual, a responsible citizen and an effective contributor. Our qualified, creative, competent staff, comprehensive curriculum for excellence and student centric safe learning environment shall develop in students the zest to be life long learners.

OUR VISION

EIS seeks to prepare students for life and active participation in a global multicultural society by developing in them knowledge and understanding of the world while retaining the traditional Indian values.

Daycare

ALL ABOUT DAYCARE

A Place to Learn, Play & Grow

A Home Away from Home

Our Daycare facility is a nurturing haven designed to provide a Safe & secure environment where our youngest learners can flourish. By focusing on social-emotional growth and independence, we ensure children feel at home while their parents pursue their professional commitments with complete peace of mind.

LEARNING BY DOING

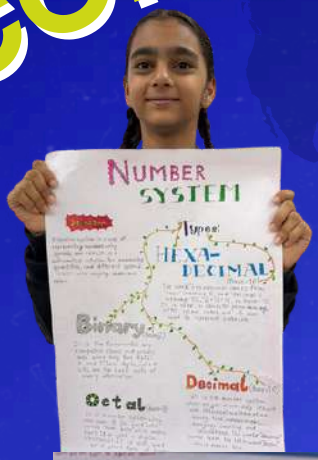

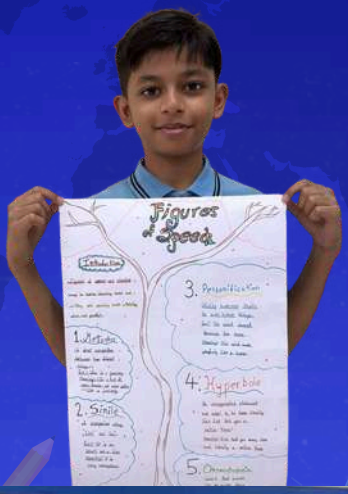

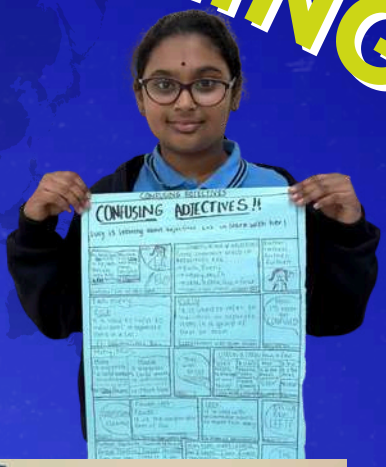

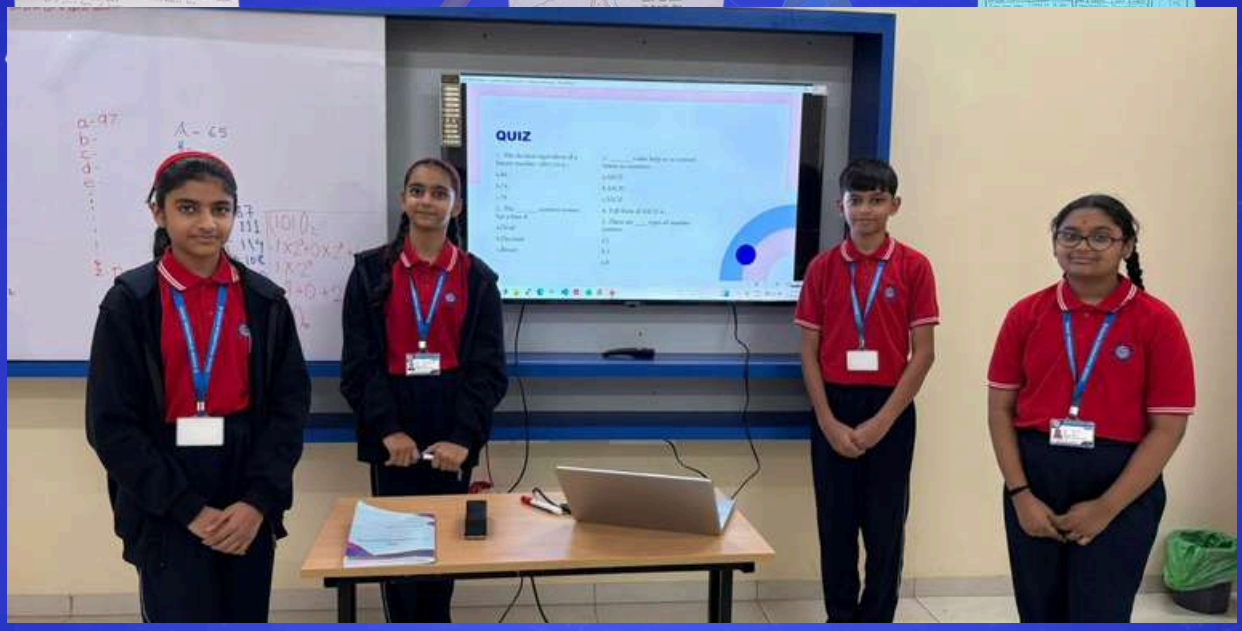

We move away from rote learning, encouraging students to engage in hand-on activities that bring science, mathematics, and languages to life.

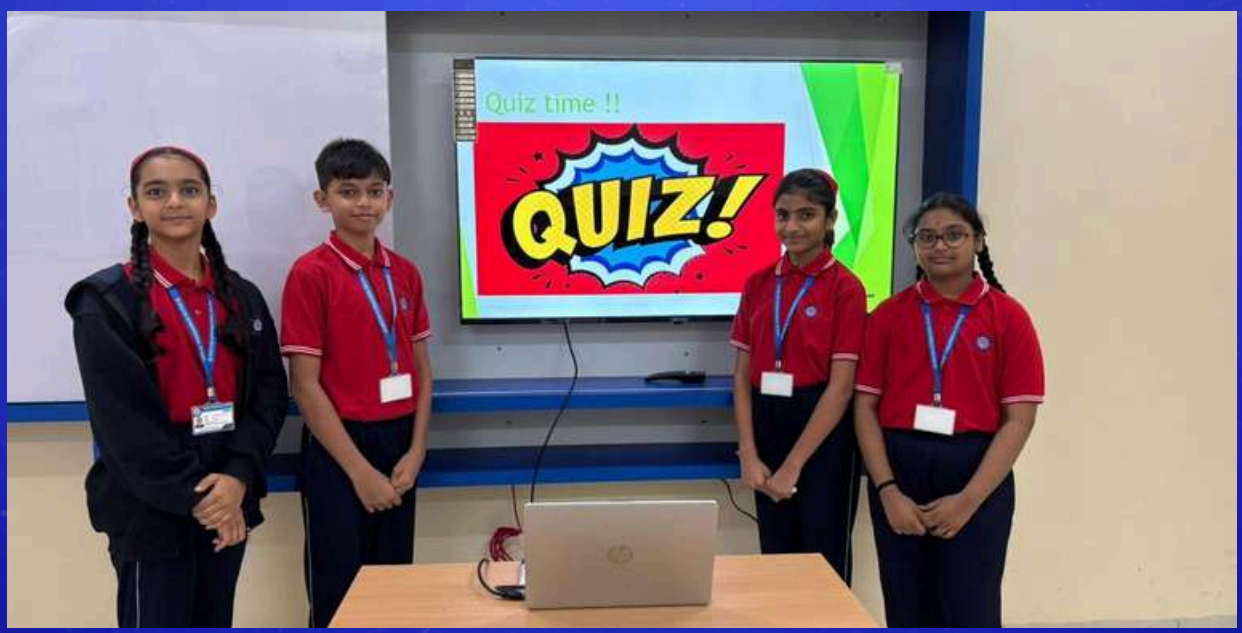

CONCEPTUAL LEARNING

Conceptual learning emphasizes on understanding the "why" behind every concept, enabling students build strong foundations and develop clarity in their learning.

EXPERIMENTAL LEARNING

Experimental learning allows students to explore, observe, and learn through real-life experiences, helping them develop deeper understanding and critical thinking skills.

VIRTUAL REALITY

THE VIRTUAL REALITY (VR) EXPERIENCE AT EIS HINJAWADI BROUGHT LEARNING TO LIFE BY ALLOWING STUDENTS TO EXPLORE IMMERSIVE ENVIRONMENTS, MAKING COMPLEX CONCEPTS MORE ENGAGING AND INTERACTIVE. THROUGH THIS CUTTING-EDGE TECHNOLOGY, STUDENTS ACHIEVED SPATIAL AWARENESS AND MULTISENSORY ENGAGEMENT ALONG WITH ENHANCED RETENTION AND DIGITAL LITERACY, ENCOURAGING THEM TO VISUALIZE ABSTRACT IDEAS, EXPLORE HISTORICAL OR SCIENTIFIC SITES FIRSTHAND, AND UNDERSTAND THE WORLD IN A DEEPLY IMPACTFUL AND JOYFUL WAY.

ROBOTICS

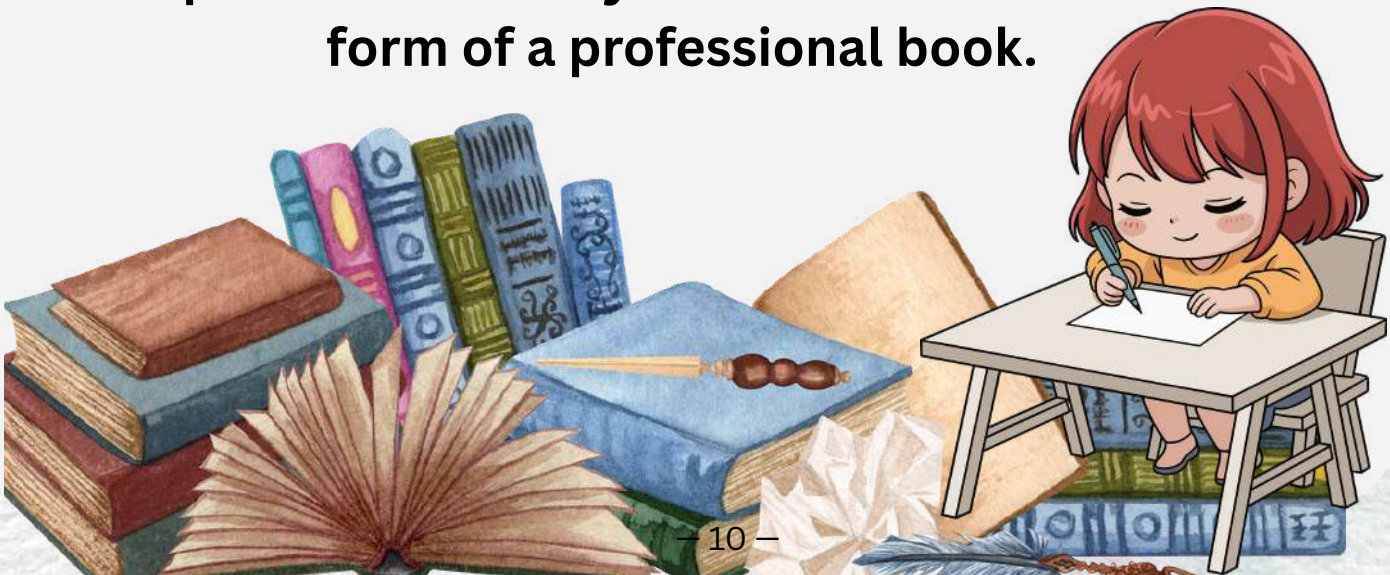

THE ROBOTICS SESSIONS AT EIS HINJAWADI HAVE BEEN A HUB OF INNOVATION, WHERE OUR PRIMARY STUDENTS ACTIVELY ENGAGE IN HANDS-ON LEARNING TO BRING THEIR MECHANICAL IDEAS TO LIFE. THROUGH THIS INTERACTIVE CURRICULUM, STUDENTS ACHIEVED LOGICAL THINKING AND PROBLEM-SOLVING SKILLS ALONG WITH TECHNICAL LITERACY AND CREATIVITY, ENCOURAGING THEM TO DESIGN, BUILD, AND PROGRAM WITH PRECISION WHILE DEVELOPING THE PERSISTENCE AND ANALYTICAL MINDSET REQUIRED FOR FUTURE-READY INNOVATION.

BriBooks®

Nurturing Our Young Authors

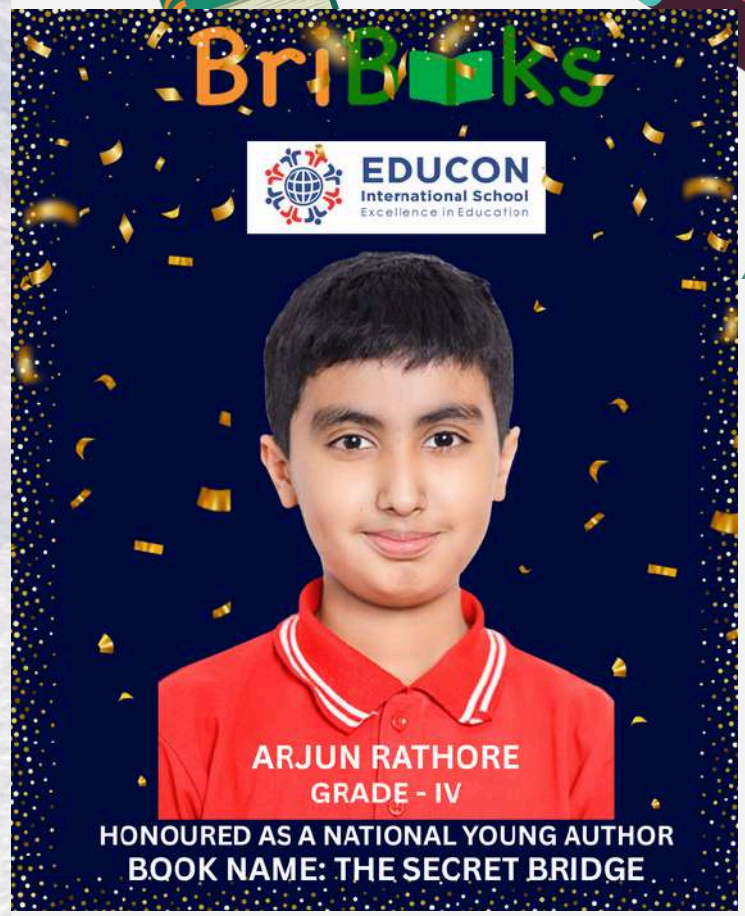

The BriBook Platform at EIS Hinjawadi serves as a prestigious creative outlet where our students transition from being readers to becoming published young authors. Through this unique digital and literary experience, students achieve Creative Writing Mastery and Language Proficiency along with Critical Thinking and Literary Appreciation, encouraging them to understand diverse genres and unique writing styles while developing a consistent reading and writing habit.

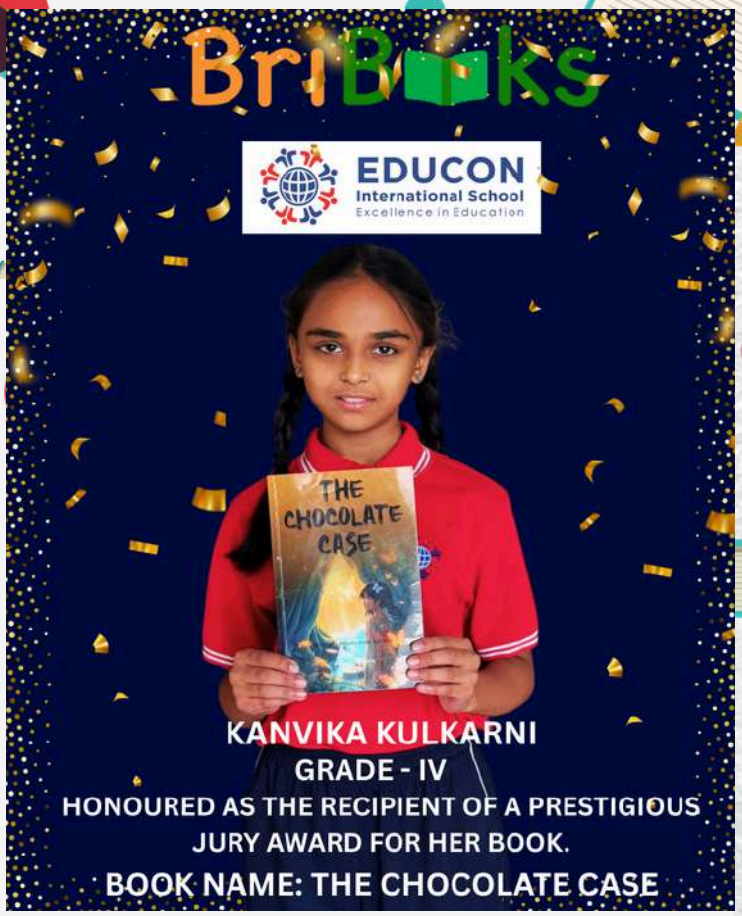

By focusing on the joy of storytelling, this initiative ensures students spend quality time engaging in productive expression rather than passive screen scrolling, fostering a sense of pride and accomplishment as they see their own ideas take the form of a professional book.

BEYOND THE PAGE:

OUR YOUNG AUTHORS TAKE FLIGHT

At EIS Hinjawadi, we take pride in nurturing bright young minds who shine as creative thinkers on a national stage. Our commitment to providing diverse opportunities has enabled our students to achieve remarkable success at the National Young Authors' Fair (BriBooks).

We applaud Arjun Rathore (Grade IV), a double best-selling author and recipient of the Rabindraratna Puraskar. His books The Secret Bridge (Rank 4) and The Living Rocks of Ellora (Rank 9) have earned him Platinum recognition and a place in the Global Hall of Fame.

Joining him is Kanvika Vivek Kulkarni (Grade III, 2024–25), whose science fiction work The Chocolate Case secured her a position in the prestigious Genre Leagues, along with an NDTV 24x7 feature and recognition across leading media platforms.

Their achievements reflect that at EIS, potential goes beyond the classroom—it is expressed, celebrated, and shared with the world. We congratulate both our young authors for inspiring the entire school community with their creativity and excellence.

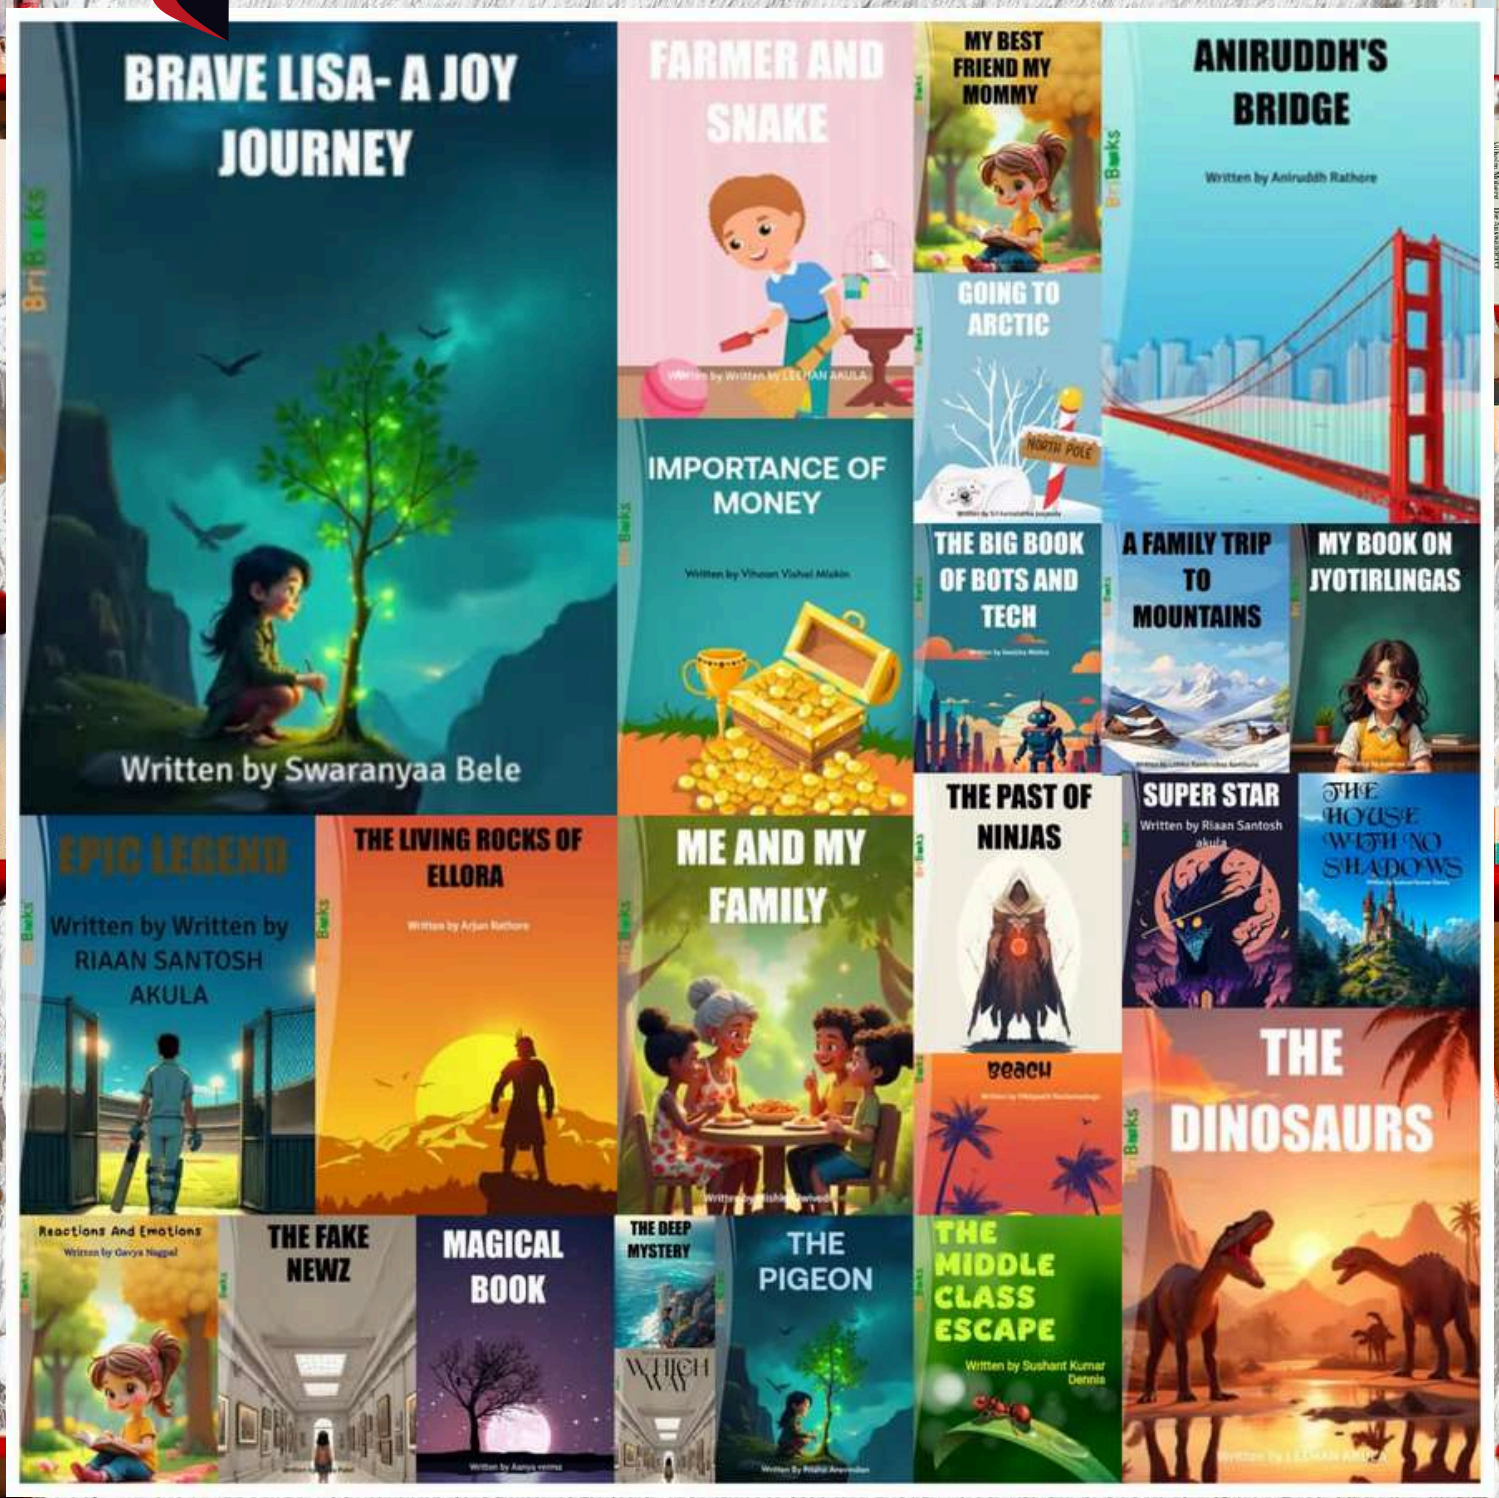

Celebrating the Voices of Our Young Authors:

At EIS Hinjawadi, creative expression forms the heartbeat of our literacy program, and the Young Authors' Initiative stands as a testament to this vision. This initiative encourages meaningful engagement, inspiring students to invest their time in reading, writing, and imaginative thinking.

We proudly celebrate our student authors who have successfully transitioned from avid readers to confident writers. Their books are not just stories, but reflections of creativity, imagination, and unique expression. Through this journey, students discover the joy of writing and the power of their own voice, inspiring them to continue creating and sharing their ideas with the world.

Our Published Stars

GLOBAL

Artlink
CREATIVE CONNECTIONS

Our students showcased their creativity by creating unique artworks and exchanging them with an overseas partner school, building a meaningful global connection through art. The initiative culminated in an interactive session where students confidently shared the inspiration behind their creations and explored the ideas of their international peers.

This enriching experience enhanced their communication skills, encouraged self-expression, and helped them understand that creativity connects people across cultures, fostering confidence, collaboration, and global awareness.

EDUCON
INTERNATIONAL SCHOOL

CCA Activities

Learning Beyond Classroom

CO-CURRICULAR ACTIVITIES AT EDUCON INTERNATIONAL SCHOOL PROVIDE A DYNAMIC ENVIRONMENT WHERE PRACTICALLY DOING THE ACTIVITIES TRANSFORMS THEORETICAL KNOWLEDGE INTO TANGIBLE LIFE SKILLS. THIS HANDS-ON APPROACH ENSURES THAT STUDENTS ARE NOT JUST PASSIVE RECIPIENTS OF INFORMATION BUT ACTIVE PARTICIPANTS IN THEIR OWN GROWTH.

THROUGH THESE EXPERIENTIAL ENGAGEMENTS, STUDENTS ACHIEVE COGNITIVE DEVELOPMENT AND CRITICAL THINKING ALONG WITH MOTOR SKILLS AND EMOTIONAL INTELLIGENCE. THIS ACTIVE PARTICIPATION ENCOURAGES STUDENTS TO OVERCOME STAGE FEAR AND REFINE THEIR PROBLEM-SOLVING ABILITIES WHILE FOSTERING A SPIRIT OF INNOVATION AND COLLABORATIVE TEAMWORK. BY ENGAGING IN DIVERSE, PRACTICAL CHALLENGES, OUR LEARNERS DEVELOP THE MENTAL AGILITY AND ADAPTABILITY REQUIRED TO NAVIGATE REAL-WORLD COMPLEXITIES, ULTIMATELY EVOLVING INTO WELL-ROUNDED, CONFIDENT GLOBAL CITIZENS.

PUPPET SHOW

The Puppet Show was a delightful and engaging experience for our young learners. Through colorful characters and lively storytelling, students enjoyed a fun-filled session that encouraged imagination, listening skills, and joyful learning. The recent Puppet Show at EIS Hinjawadi served as a powerful tool for the holistic development of our young learners. By integrating colorful characters and lively storytelling, the session successfully met key early childhood learning objectives, including Cognitive and Imaginative Growth, Language and Literacy Development, Auditory Processing, and Socio-Emotional Learning.

MYSTERY READER

The Mystery Reader initiative brought excitement and curiosity into the classroom as parents and family members surprised students with engaging storytelling sessions and interactive activities. This joyful experience strenghtened the connection between home and school.

Through this initiative, students developed a love for reading while enjoying special moments with guest readers, making learning more meaningful, inspiring, and memorable.

TRANSPORT DAY

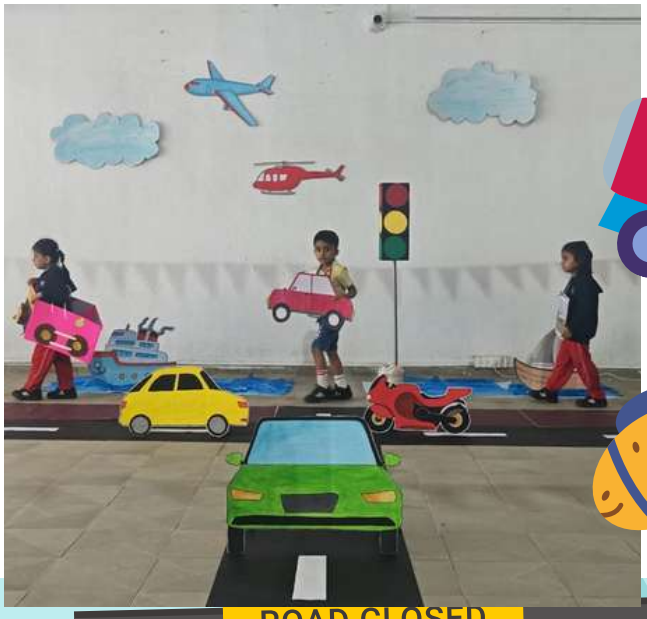

Wheels of Discovery

Transport Day turns the school into a hub of exploration, where students learn about the mechanics and importance of various modes of transport. By interacting with different vehicles and understanding safety rules, children gain a practical perspective on how the world stays connected, fostering curiosity about engineering and logistics from a young age.

COLOUR BLAST

Colour Blast transforms the campus into a vibrant kaleidoscope of hues, creating an energetic and joyful learning experience for our youngest learners. More than just a celebration, it serves as a creative platform where students explore and identify colors through engaging, multi-sensory activities.

Through art projects, interactive games, storytelling, and hands-on exploration, abstract concepts come alive in a fun and meaningful way. This celebration nurtures enthusiasm, togetherness, and a strong foundation of conceptual learning, making every moment colorful, memorable, and enriching.

SPECIAL ASSEMBLY

Special Assemblies go beyond routine, serving as vibrant platforms for student expression and leadership. They provide opportunities for students to step forward, build confidence, and engage in meaningful learning experiences. Through thoughtfully curated topics, presentations, and interactive sharing, students explore new ideas, express their perspectives, and develop strong communication skills. These assemblies foster curiosity, awareness, and a sense of community, helping students grow into confident and well-informed individuals.

VIRTUAL FIELD TRIP

The Virtual Field Trip at EIS Hinjawadi was an immersive learning experience that allowed our students to explore new places and concepts through engaging digital environments. Through this interactive journey, students achieved Global Awareness and Digital Literacy along with Visual and Auditory Learning, encouraging them to explore the world beyond the classroom, understand diverse cultures, and connect with real-world locations in a technologically advanced and joyful way.

FANCY DRESS

The Patriotic Fancy Dress Activity at EIS Hinjawadi was a vibrant celebration that filled the atmosphere with immense pride and enthusiasm. Students took center stage dressed as inspiring national personalities, beautifully showcasing their love for the country through remarkable confidence and creativity. Through this activity, students achieved Cultural and National Awareness along with Confidence and Performance Skills, encouraging them to deeply understand and personify the values of the historical figures they represented.

SHOW AND TELL

The Show and Tell Activity at EIS Hinjawadi was an engaging session that encouraged our pre-primary students to speak confidently as they shared their favorite objects and ideas. Through this interactive platform, students achieved Communication and Self-Expression Skills along with Auditory Processing, encouraging them to articulate their thoughts clearly and develop the confidence to present before an audience.

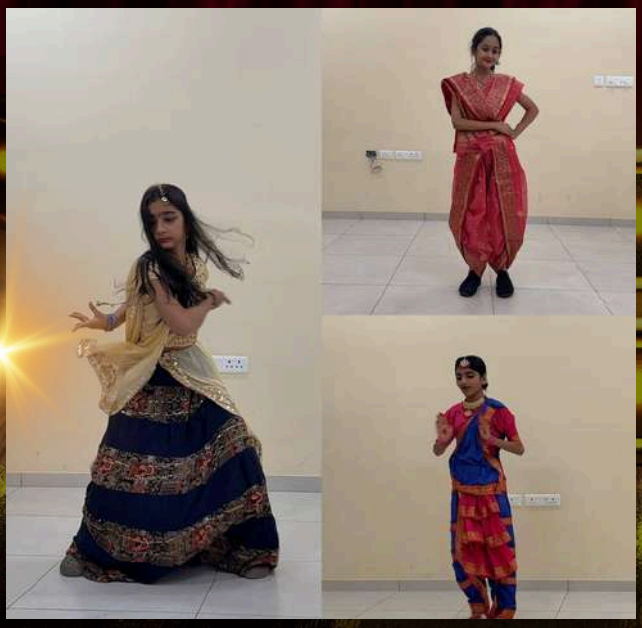

SOLO dance

DEBATE COMPETITION

The Debate Competition at EIS Hinjawadi provided a powerful platform for our students to articulate their perspectives and engage in meaningful discourse. Through this rigorous intellectual exchange, students achieved Critical Thinking and Communication Skills along with Research and Analytical Reasoning, encouraging them to express their views with clarity, logic, and remarkable confidence.

SYMPHONY OF SUCCESS

WHERE VALUES MEET MODERN LEARNING

EIS EVENTS

EIS Hinjawadi, festivals and school events serve as "Extended Learning Platforms," transforming our campus into a living laboratory where academic concepts meet real-world application. Our core objective is to bridge the gap between theory and practice, fostering holistic growth, confidence, and community integration. Through events like the "Navras" concert and competitive sports, students develop essential cognitive skills, communication mastery, and social-emotional intelligence in a supportive environment.

We celebrate to honor the unique talents of our "Published Prodigies" and young leaders, viewing these milestones as vital "Culmination Activities" of our character-building programs. By immersing students in these diverse cultural and social experiences, we ensure they graduate with more than just certificates; they gain the "Wings to Fly"—prepared to navigate the global stage with resilience, grace, and a deep respect for universal values.

SUPER DAD

DATE WITH DAD

Strengthening the Father-Child Bond:

This special event is dedicated exclusively to our fathers and their children. Through interactive games, collaborative challenges, and shared laughter, "Date with Dad" provides a rare space for fathers to dive into children's school world. It is a day of pure bonding that reinforces the vital role fathers play in a child's emotional and social development.

INTERNATIONAL

YOGA DAY

Mind, Body, & Soul

We observe Yoga Day to instill the lifelong habit of mindfulness and physical well-being. By practicing asanas and breathing techniques together, students and staff find a sense of inner balance. This day emphasizes that a calm mind and a healthy body are the primary tools for academic and personal success.

FOUNDER'S DAY

It's a meaningful occasion to reflect on the vision and values that laid the foundation of our institution. It inspires students to appreciate the journey of perseverance and dedication that continues to guide our school.
A special highlight of the celebration is the interaction with our worthy Chairman, Dr. Nikhil Wagh, whose words of wisdom and encouragement leave a lasting impact on young minds. These moments instill confidence and inspire students to dream big, while fostering a deep connection to the legacy that shapes their future.

CHILDREN'S DAY

Children's Day at Educon International School was celebrated with joy and enthusiasm, blending fun-filled activities with a meaningful tribute to our Army Jawans. Students presented songs, dances, and performances, creating a lively and cheerful atmosphere.

The presence of the soldiers made the celebration truly special, as students learned about courage, discipline, and the importance of gratitude. The event beautifully connected childhood joy with a sense of responsibility, inspiring students to value the sacrifices made for our nation.

STEAM Exhibition

Architects of the Future

Our STEAM (Science, Technology, Engineering, Arts, and Mathematics) Exhibition is a celebration of innovation and critical thinking. Students transform into young researchers and inventors, presenting projects that tackle real-world problems. This platform encourages them to ask "why," experiment fearlessly, and articulate their findings with scientific precision and creative flair.

SPORTS DAY

The Spirit of Champions: Our Sports Day is a high-octane celebration of discipline, teamwork, and physical excellence. It is the day when our young athletes step onto the field to demonstrate that grit and sportsmanship are just as important as winning. From spirited races to synchronized drills, the event highlights the importance of healthy competition and the drive to push one's limits.

ANNUAL DAY

A Stage for Every Star : The Annual Day is the pinnacle of our creative journey, where students showcase their talents in music, dance, and drama. Whether exploring traditional themes or contemporary narratives, each performance is a testament to our students' growing confidence and their ability to express complex emotions with poise and artistry.

HAPPY GRANDPARENT'S DAY

We love you so much!

Grandparents' Day was celebrated with warmth and joy, honoring the special bond between grandparents and grandchildren. Students welcomed their grandparents with heartfelt performances, handmade tokens, and engaging activities that filled the campus with love and happiness.

The celebration created meaningful moments of togetherness, allowing students to express gratitude and learn from the wisdom and blessings of their grandparents. The day remarkably highlighted the importance of family values, respect, and the strong roots that nurture young minds.

GRADUATION DAY

A heartwarming celebration of our Sr. KG students as they prepare to take their next step toward Grade I. Dressed in their graduation robes, our young learners reflected both their strong roots and their readiness to spread their wings.

This special culmination marked their growth and foundational learning journey. As they received their scrolls, it was evident that these young graduates are ready to move forward with confidence, grace, and a joyful enthusiasm for lifelong learning.

FIRE STATION VISIT

Students visited the fire station, where they learned about the role of firefighters, explored fire safety equipment, and observed emergency vehicles. The interactive experience helped them understand the importance of courage, teamwork, and safety.

STORE VISIT

The Store Visit at EIS Hinjawadi was an exciting and interactive outing that served as a powerful real-world learning experience for our pre-primary students. By exploring different sections, identifying various items, and observing the billing process, students achieved Practical Understanding and Observational Skills along with Financial Literacy Awareness, encouraging them to connect classroom concepts with real-life applications in a joyful and engaging way.

PRE- PRIMARY TRIP TO

LEKHA FARMS

TRIP

The Annual Trip was a joyful experience where students stepped beyond the classroom and explored learning in a new environment. Filled with fun activities and shared moments, the day created lasting memories for everyone.

The trip also encouraged students to develop responsibility, teamwork, and independence as they managed their belongings, shared meals, and participated in group activities. Blending recreation with real-world learning, the Annual Trip became a meaningful journey of joy, bonding, and personal growth.

Hour of Code

Decoding the Future:

In an increasingly digital world, we immerse our students in the "Hour of Code" to demystify the language of technology. This initiative ignites logical thinking and problem-solving skills, empowering our students to become creators and innovators in a global landscape.

Fire Mock Drill

SAFETY FIRST

SUMMER CAMP

The Summer Camp: Transforms the holiday break into a vibrant journey of exploration and learning beyond the classroom. It provides a dynamic platform where students engage in modern skills like robotics while expressing creativity through activities such as drama and dance. Thoughtfully designed to ignite new passions, the camp fosters joy, collaboration, and meaningful friendships. In a relaxed yet enriching environment, students experience learning through fun, making every moment a step toward growth and creating memories to cherish for years to come.

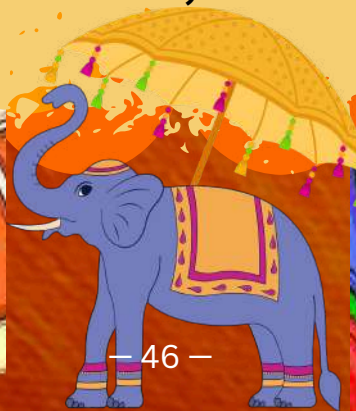

FESTIVALS

The Spirit of Festivals at EIS Hinjawadi:

Festivals at Educon International School are a vibrant tapestry of joy, culture, and togetherness that enriches our school community. By celebrating diverse festivals with immense "Josh," our students embrace the heart of our traditions, fostering a deep sense of unity and pride.

Through these celebrations, students achieve Cultural Intelligence and Social Harmony along with Overall Development and Emotional Resilience. This vibrant environment encourages students to instill deep-rooted values and respect for traditions while fostering a sense of belonging and collaborative teamwork. By engaging in music, dance, and creative arts, students effectively overcome stage fear, building the confidence to express themselves while connecting history with practical understanding and developing into empathetic, culturally aware leaders.

EKADASHI

JANMASHTAMI

During Janmashtami, the rhythmic chants of “Govinda” and the spirit of Dahi Handi ignite enthusiasm, teamwork, and physical agility among students.

By immersing themselves in the stories of Bal Krishna, students learn the importance of a balanced life—blending playfulness with focus and purpose. The celebration nurtures inner strength, kindness, and cultural connection, guiding our learners to grow into thoughtful, well-rounded individuals.

RAKSHA BANDHAN

Raksha Bandhan offers a beautiful platform for students to explore their artistic side through the making of handmade rakhis, filling the campus with vibrant colors and joyful enthusiasm.

Extending this sacred bond beyond family ties, students tied rakhis to trees and expressed heartfelt gratitude towards the Maushis who support them every day. This thoughtful celebration nurtured a deep sense of respect, responsibility, and togetherness, encouraging students to build meaningful connections and care for their environment and school community as one united family.

GANESH UTSAV

Our campus becomes a bridge between rich heritage and modern learning during Ganesh Utsav. The arrival of Lord Ganesha fills the school with devotion and creativity, as students engage in eco-friendly idol making and participate in traditional prayers.

This celebration is thoughtfully designed to nurture a sense of belonging and strengthen moral values, encouraging patience and the ability to overcome challenges with wisdom. By blending tradition with eco-conscious practices, we foster a deep connection to our roots while promoting harmony and responsibility within the school community.

DUSSEHRA

Dussehra is embraced as a meaningful chapter in a student's journey—a powerful reminder of the victory of good over evil. Through storytelling and dramatic enactments from the Ramayana, students explore the timeless virtues of truth and courage.

This experience is thoughtfully designed to ignite inner strength and nurture resilient leadership traits. By encouraging students to identify and "shed" a bad habit, they learn to conquer their own inner challenges with confidence. Merging tradition with personal reflection, the celebration fosters a deep-rooted understanding of values, guiding our learners to grow into principled, responsible, and confident individuals.

DIWALI CHARITY CUM CELEBRATION

The Joy of Giving:

Our Diwali is defined by more than just festivities; it is about lighting up the lives of others through our annual donation drive. We strive to build empathetic characters by teaching students that true celebration lies in the "Joy of Giving" and sharing blessings with the community.

HALLOWEEN

Halloween unfolds as a vibrant celebration of creativity and imagination. Dressed in imaginative costumes, students step into a world of mystery and fantasy, exploring new ideas through engaging storytelling and playful experiences.

This celebration is designed to spark curiosity and nurture an inclusive mindset by encouraging students to embrace diverse roles. By facing the unknown in a fun and supportive environment, our learners build confidence, overcome fears, and develop a deeper appreciation for the cultures that shape our global community.

CHRISTMAS

The magic of Christmas transformed our campus into a vibrant world of festive cheer, celebrating the spirit of kindness and gratitude. The highlight of the event was the spectacular Christmas Carnival, where students managed creative stalls and everyone enjoyed a variety of delightful treats.

The stage came alive as young performers showcased their talents through a captivating dance-drama, soulful songs, and rhythmic musical performances. Beyond the entertainment, the celebration fostered togetherness and reminded students that the most meaningful gifts are the memories and love we create together.

BONFIRE

The Bonfire celebration brought warmth and togetherness as students and teachers gathered for a joyful evening. The highlight of the event was preparing traditional khichadi on a ‘chulha,’ allowing students to experience cultural practices in a unique way.

This hands-on activity encouraged teamwork, patience, and appreciation for simple traditions. The evening fostered bonding, storytelling, and shared laughter, creating memorable moments and strengthening the sense of community.

KITE FESTIVAL

Soaring High

The sky becomes a canvas during our Kite Festival, where tradition takes flight. Beyond the excitement of the sport, this festival teaches students patience, coordination, and the "Josh" to aim high in every endeavor they pursue.

CHHATRAPATI SHIVAJI JAYANTI

AT EIS Chhatrapati Shivaji Jayanti was celebrated with great enthusiasm, offering students a meaningful insight into the life and values of Chhatrapati Shivaji Maharaj. Through powadas, dances, and engaging activities, students learned about his leadership, courage, and strategic thinking.

The celebration highlighted his commitment to justice, respect, and resilience, inspiring students to develop confidence, critical thinking, and a strong sense of responsibility. The event fostered national pride while encouraging young learners to imbibe values of courage, compassion, and leadership.

JAI BHAVANI, JAI SHIVAJI !

EIS ON AIR

Lights, Camera, Leadership!

At EIS Hinjawadi, classrooms transform into dynamic studios where students step beyond textbooks to become confident anchors, reporters, and storytellers. Through engaging TV and radio simulations, learners participate in lively debates, podcasts, and interviews, turning everyday learning into an immersive audio-visual experience.

This platform serves as a powerful culmination of learning, enabling students to explore global topics, strengthen research skills, and achieve true conceptual clarity while presenting before a lens or microphone.

By managing on-air presence and collaborating as a team, students develop essential 21st-century skills such as communication, confidence, tone, and clarity. These experiences bridge the gap between classroom learning and real-world expression, proving that when students are given a platform, their potential truly comes alive—on screen and on air.

The Architects of Tomorrow

As one flips through the pages of this year's magazine, it is important for students to remember that every experiment they conducted and every stage performance they gave were vital steps toward becoming the individuals they are today. At EIS Hinjawadi, the students' curiosity is our greatest inspiration. We encourage them to keep asking "why," keep experimenting, and keep embracing the vibrant spirit that makes our school family so unique.

It is truly commendable to see the magazine come to life through the students' dedicated contributions. The articles they have presented are deeply meaningful, creative, and reflect a high level of thought—truly beautiful artifacts of their growth and imagination. We are immensely proud of this display of talent and encourage them to keep up this wonderful work. They are the architects of their own future, and we are honored to be their guides on this journey.

Rainy Day Adventure

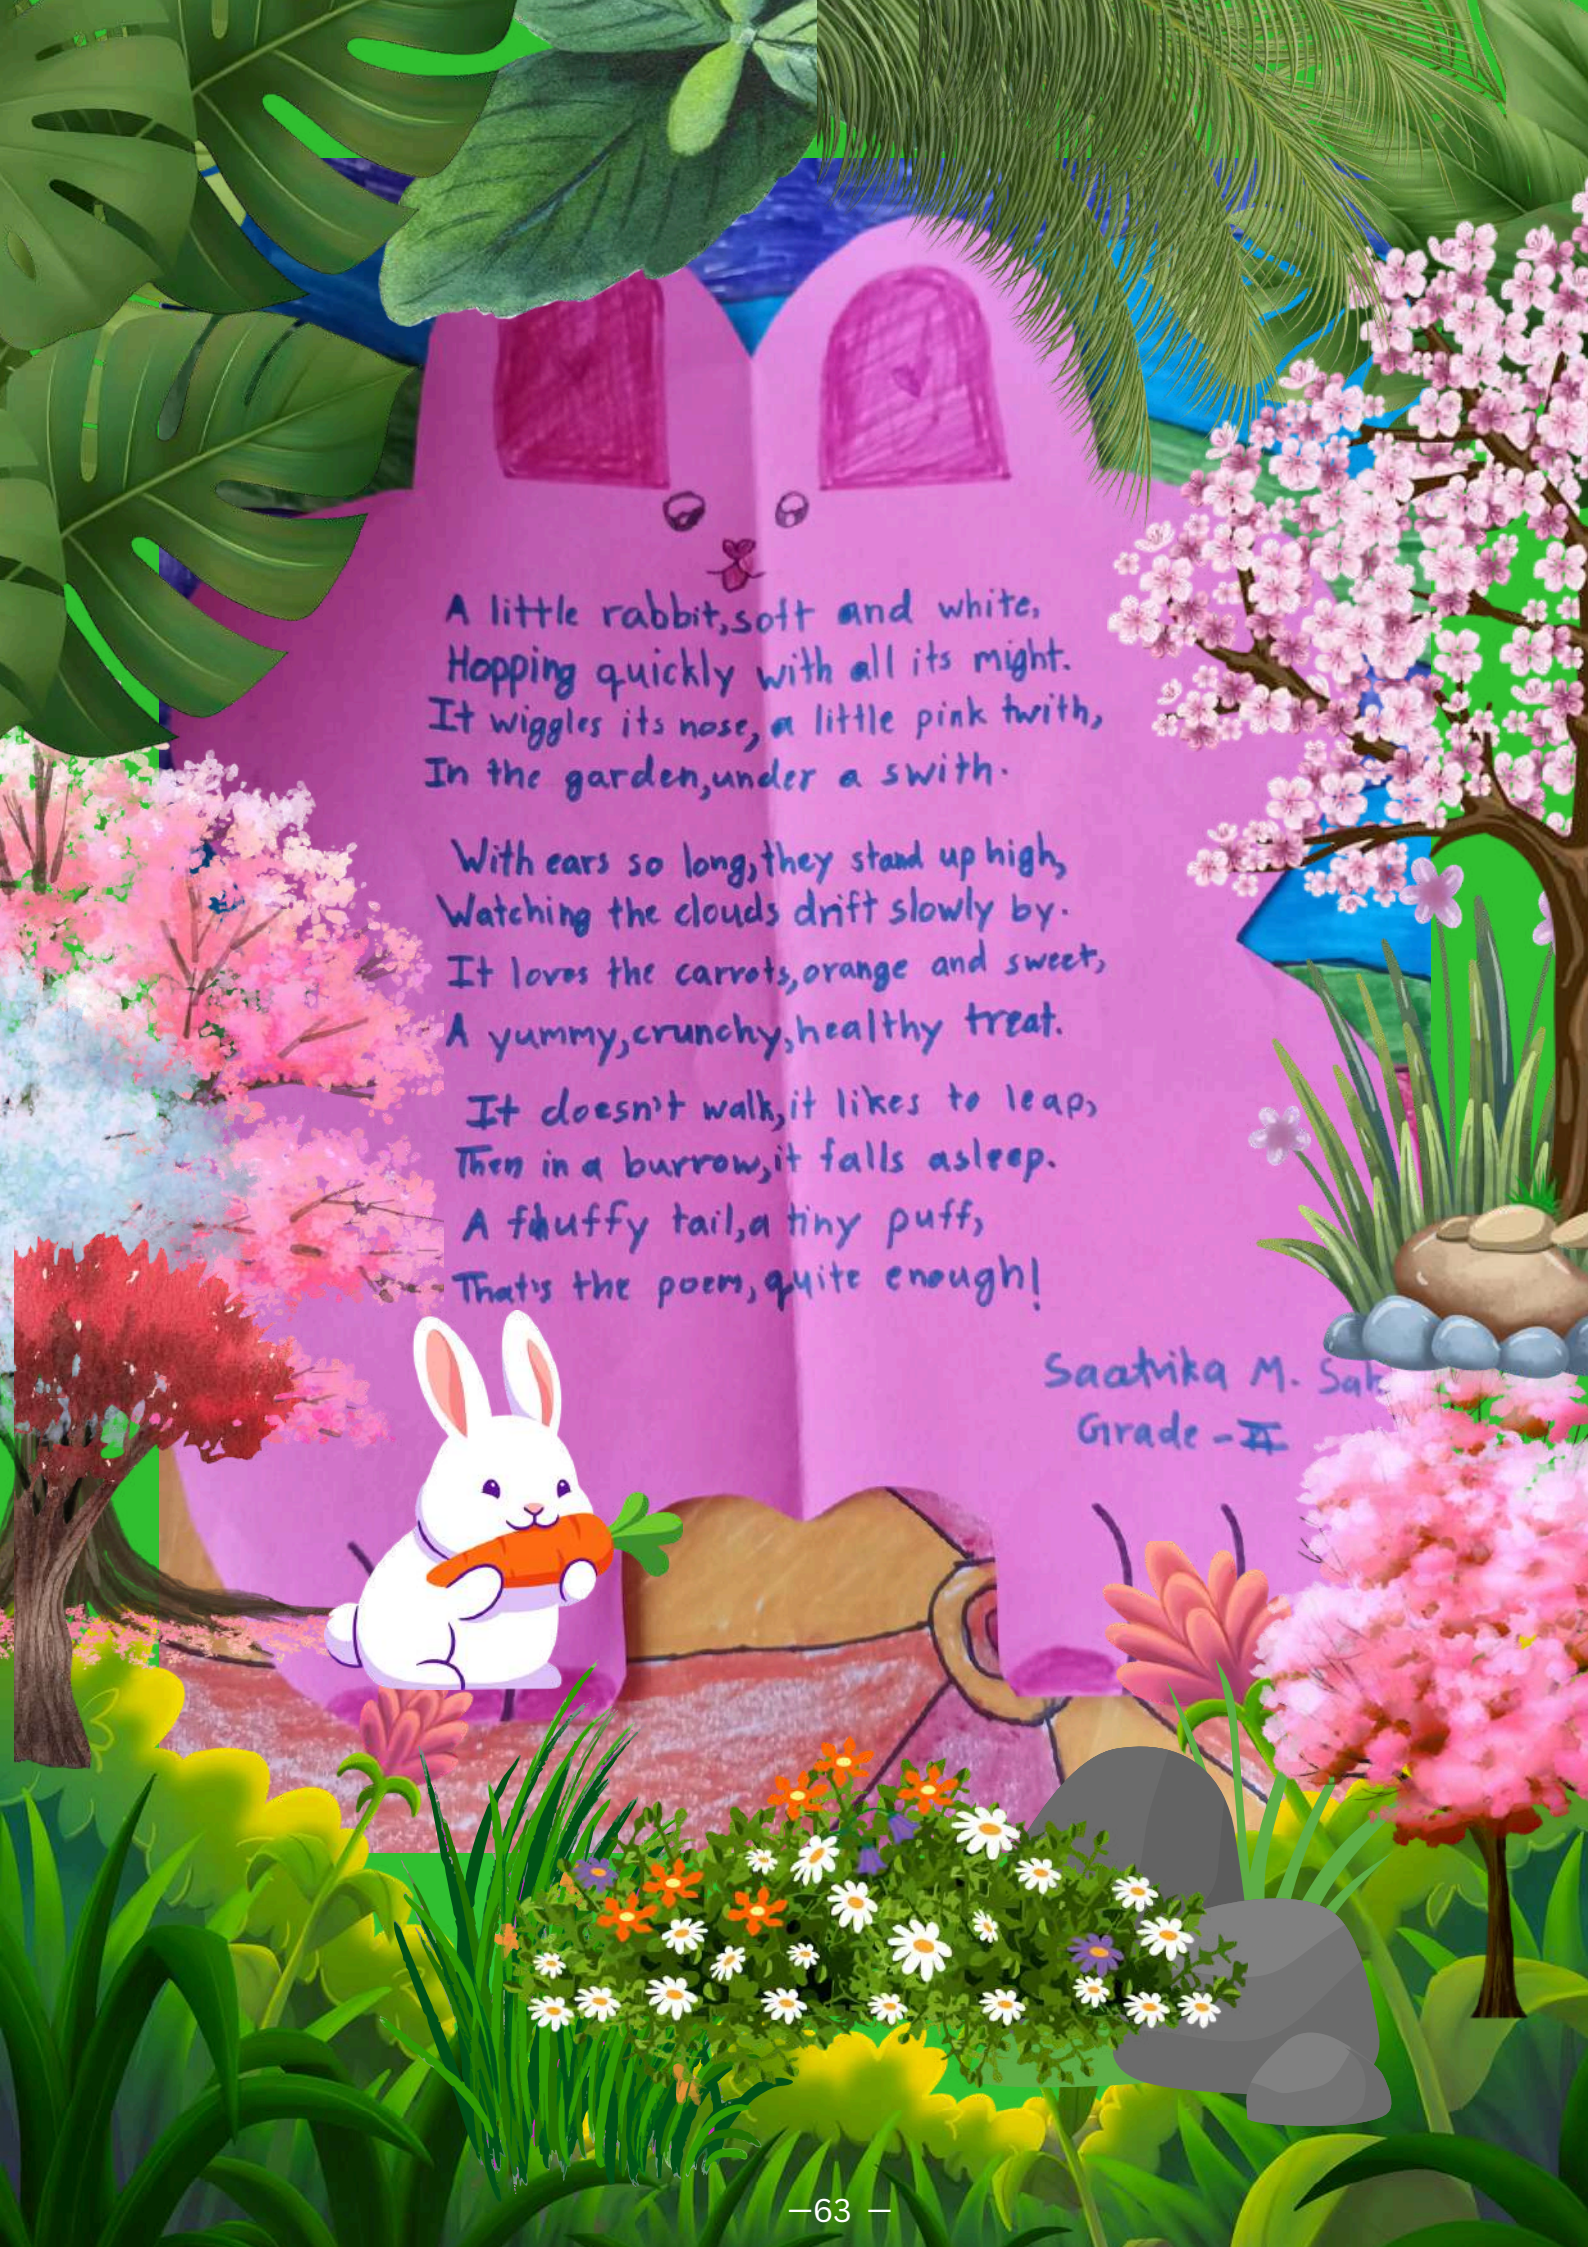

Pitter-patter, raindrops fall,
Like tiny drums playing for all.
Clouds are marching in the sky,
As the wind whistles and birds fly by.

My umbrella opens wide,
Like a spaceship I ride inside!
Splashing puddles left and right,
Everything looks fresh and bright.

A frog jumps and says "Hello!"
Worms crawl out and move so slow.
Flowers dance, leaves swing too,
The world feels happy, fresh and new.

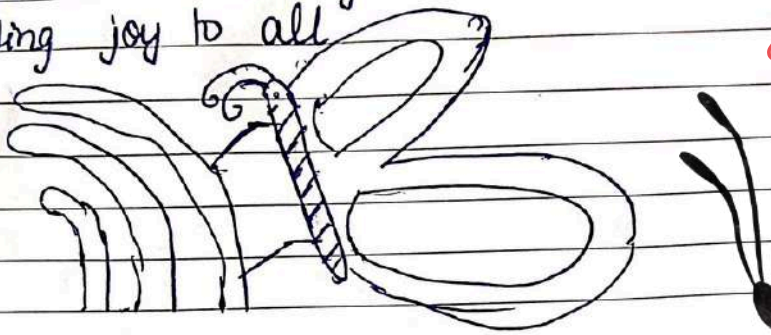

Rain may wet my shoes and hair,
But oh! I love the rainy air.
For every drop tells a story old-
Of rainbows, clouds and magic gold!

Vaanya kulkarni
5th A

A little rabbit, soft and white,
Hopping quickly with all its might.
It wiggles its nose, a little pink twith,
In the garden, under a swith.
With ears so long, they stand up high,
Watching the clouds drift slowly by.
It loves the carrots, orange and sweet,
A yummy, crunchy, healthy treat.
It doesn't walk, it likes to leap,
Then in a burrow, it falls asleep.
A fluffy tail, a tiny puff,
That's the poem, quite enough!

BUTTERFLY (Haiku)

A little creature
Friends with the bright little flowers
Spreading joy to all

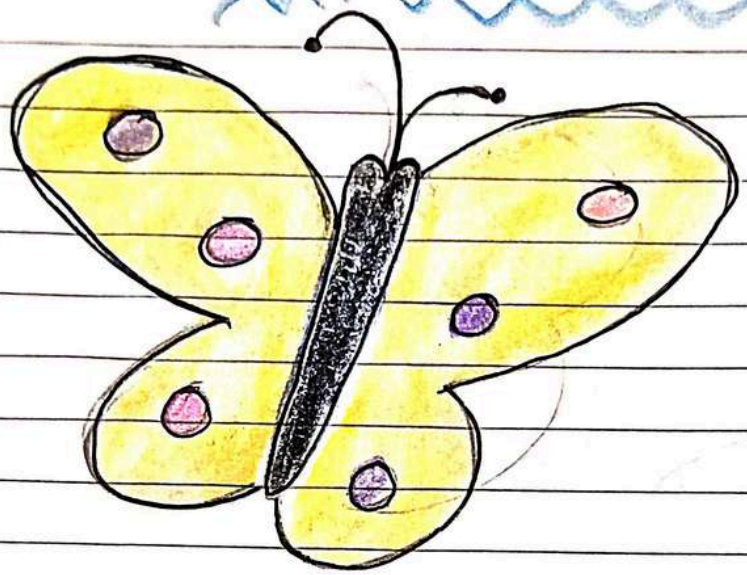

- By Srikamalatmika Josyoula

About haiku

- Haiku is a japanese-origin poem
- It consists of 3 lines
- It follows a strict syllable pattern 5-7-5
- Traditional haikus are based on nature themes, but it can be done on anything.
- It is very easy to replicate, if the rules are followed
- Remember, there is no Rhyme scheme needed

To A Butterfly

Butterflies flutter
Butterflies fly
They put a sparkle
In your ~~eyes~~ eye

See a butterfly
And say a wish
It will come ~~true~~ true
Very soon!

A winter family escape to mahabaleshwar

The date and the day was already decided for the trip. It was 28th Nov 25 Friday. We started from pune at around 10 in the morning. I and my brother was very excited for the trip because it was the first family trip to mahabaleshwar in winters. Somehow I knew this going to be a different experience of winters in mahabaleshwar

The drive

on the way I saw western ghats. The temperature dropped a few degrees with every bend, and the whole car filled with giggles and whoa!. All of a sudden my mother wanted to drive the car and I was very nervous but my dad was confident and then within no time my mom had taken the driving seat and to my surprise she drew so well that within one and half hour we reached our destination

cozy.

After reaching we had some snacks. I ate paratha and chocolate with cream. my brother and I love chocolate with cream. It was yum. we checked into a hotel our room had a balcony with mountain view. Exploring, jumping and relaxing the cozy bed.

The market

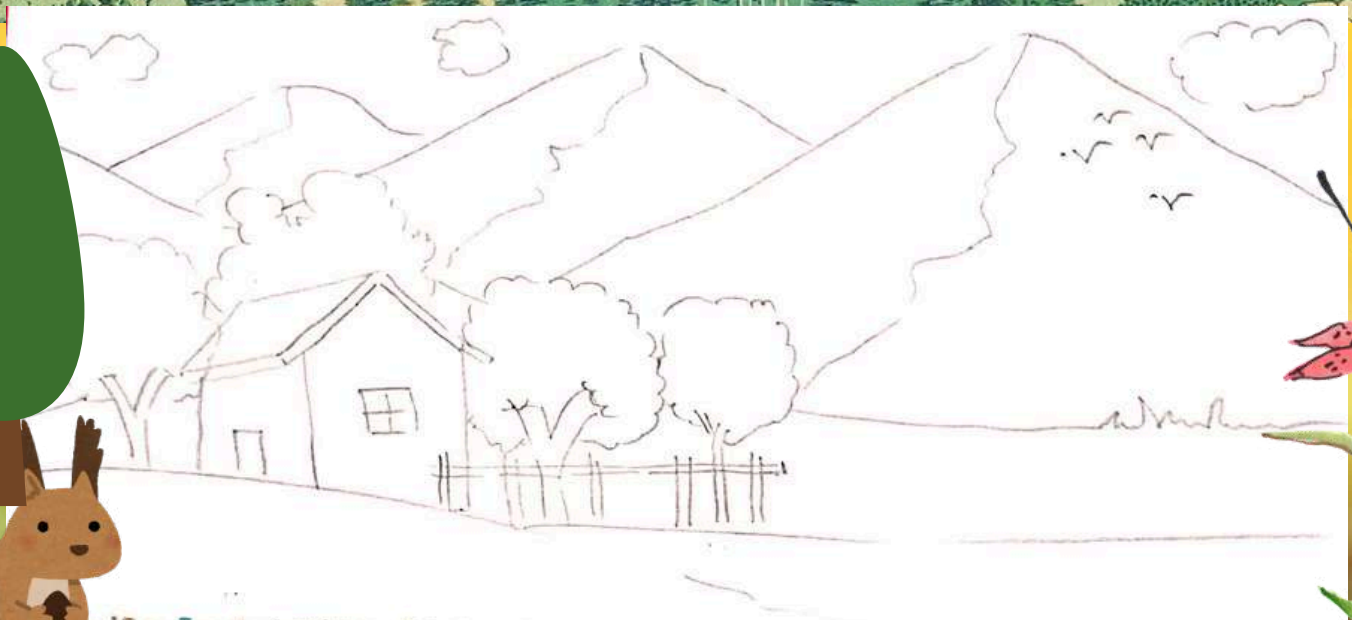

The market was very busy. lots of shops with toys, woolen cloths, shoes, handicraft and of course jelly, chocolate, fudge and famous strawberries. we purchased some toys had dinner and headed back to hotel

Next Day

In the morning we went to venna lake. my brother and I had hot and yummy cheese maggi. Then we went to mapro Garden. A sweet stop

AAHIL MAULVI- GRADE IV

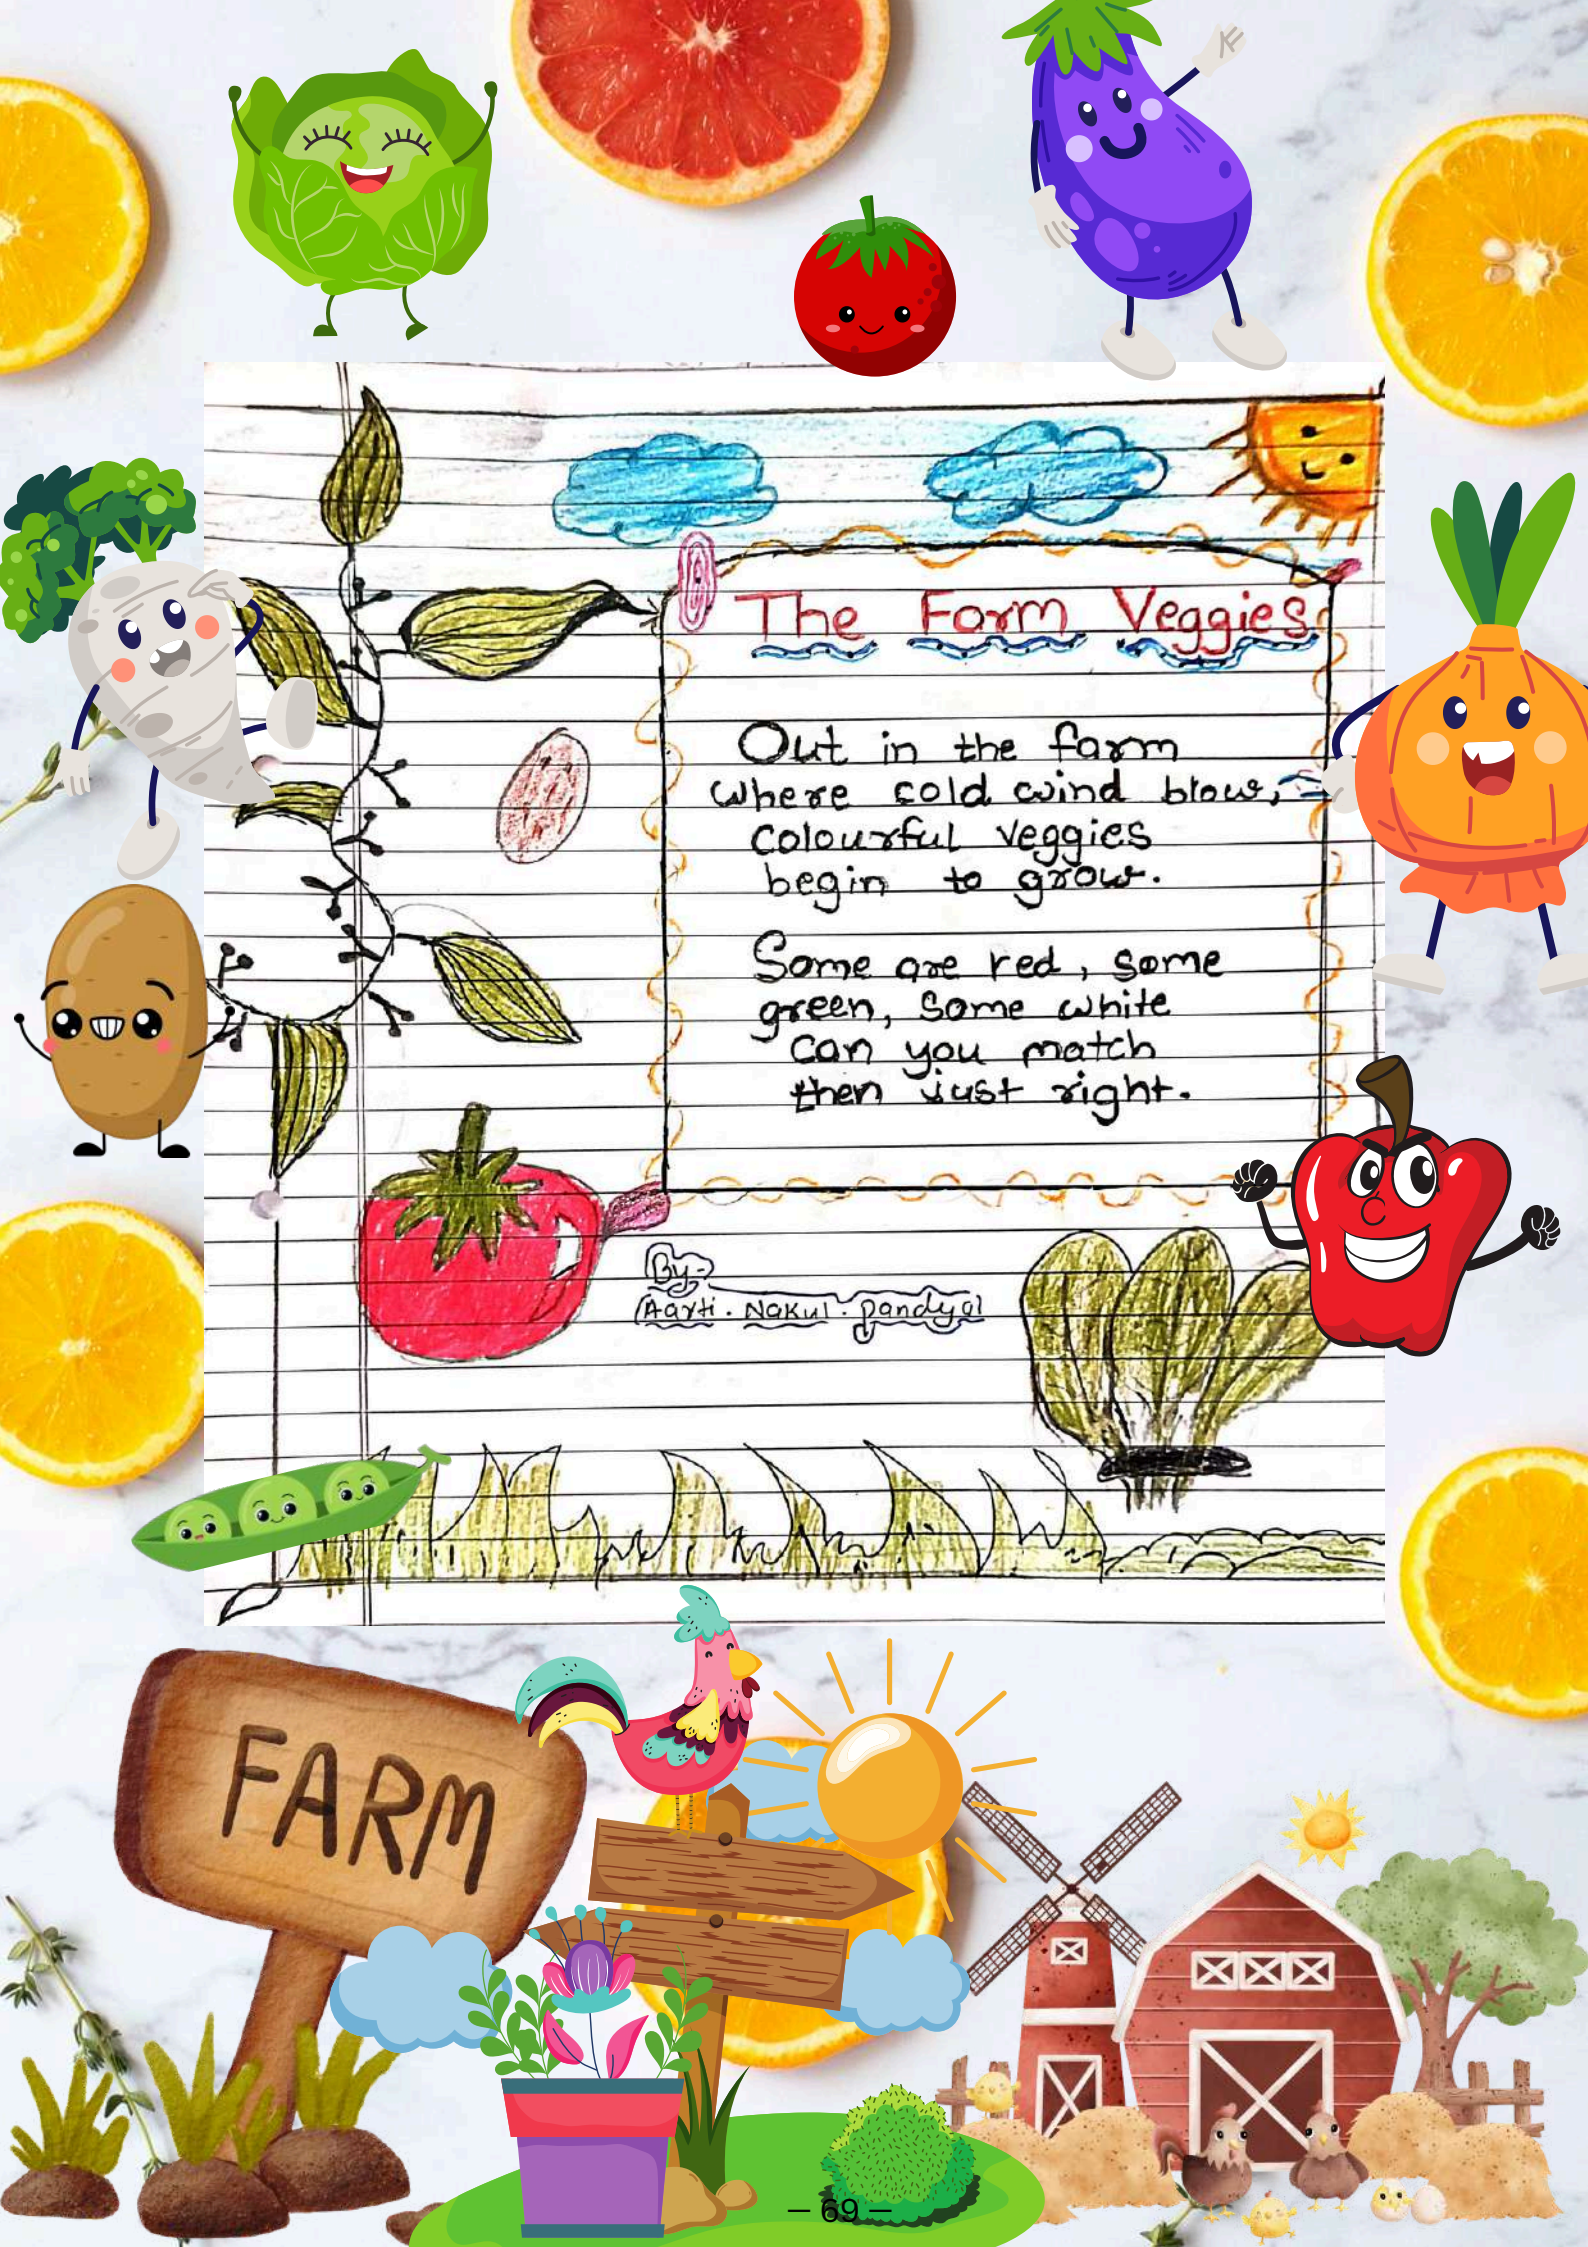

Growing with nature

I love growing with nature because it teaches me important lessons everyday. Trees show me how to be strong, and flowers teach me how to be kind and beautiful. When I water plants, I learn patience. As my grand mother says, "Nature is our best." Playing outside make me feel happ & calm. Bird, rivers and fields remind me that we must take care for the Earth. "If we protect nature, we will protect us!" Growing with nature helps me grow into a better and kinder person.

Power Of Kindness

Kindness is a simple act that can change someones life. It is like a magic power that makes the world better. When we are kind to others we feel happy inside and they feel happy too.

One day I saw a old man on the street. He was afraid of the cars. I went to him and holded his hands. I helped him cross safely. He smiled and said 'thank you and god bless you'. That small act of kindness made his day.

Kindness has a great power in school too. If a friend is sad because he/she got less marks in a test, you can say nice words to him or her. Or maybe share your lunch if he forget his. These things make friends feel that they are not alone and are loved.

Even animals feel the power of kindness. If you give food to a hungry dog, it will wag ist tail and follow you. It will remember you for about 1 year. Kindness works on everyone.

☆ In conclusion kindness is the best power. It costs nothing at all but gives alot. We should be kind everyday.

THANK YOU !!!!

KAVYA PATEL GRADE VII

Be Kind to Everyone

Chapter 1

Hello Brownie says

Brownie asks : What is your name , elephant ?

My name is mambo , says elephant

What is your name doggie ?

Doggie replies – I am brownie

Mambo – will u be my friend ?

Brownie barks and bites Mambo

Mambo says - I am sorry brownie I will not be your friend

Brownie says Sorry and I will not do that again

Mambo says I am glad you realized your mistake

While playing catch catch with mambo

Brownie falls down

Ouch, woof woof woof - starts crying

Mambo asks – brownie – are you okay ?

Brownie replies – I hurt my knee

Mambo – OhHo !!! I shall bring medicine and Dettol for you but first I will put water on your wound.

While buying medicine and applying it on brownie a small Ant enters Mambo's trunk

Mambo says – ouch , my trunk ..it is troubling me

Woof woof woof – says brownie – are you okay mambo ?

Mambo – says no – an ant is in my trunk

Says brownie – I will bring food for the ant and he will come out

Thank you brownie

Brownie says - do you remember u also helped me one day ...

Oh yes – I helped you , says mambo

Thus For helping no one is bigger Or smaller with intention right u can help anyone.

GOOD THINGS

Topic: The Art of Saying Good things.

The Feathers

Ravi liked to talk, but sometimes he said bad things about others. One day, his teacher gave him a bag of feathers and told him to drop one in front of each house. When he finished, she asked him to collect them back. Ravi said, "I can't! The wind has blown them away!" The teacher smiled and said, "That's what happens with our words. Once you say something bad, you can never take it back. So always say good things." From that day, Ravi spoke kindly to everyone.

MY JOURNEY WITH EDUCON
FROM CRY BABY TO CONFIDENT BOY

VIKHYAATH RACHAMADUGU
Grade - 1

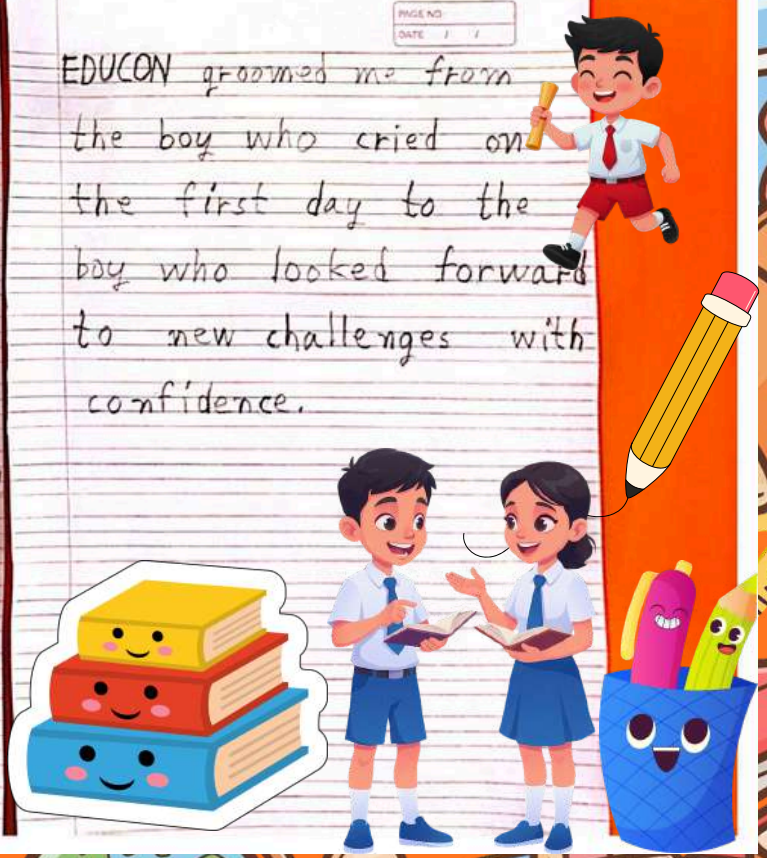

MY JOURNEY WITH EDUCON

Memories in heart, confusion in mind
This is what I have gone through when I relocated leaving behind everything.
I still remember my first step into school, tears rolling down my cheeks with a fear of being alone.
I started making friends, tears slowly faded, replaced by curiosity and courage.

EDUCON groomed me from the boy who cried on the first day to the boy who looked forward to new challenges with confidence.

Believe in Yourself

Lessons that changed my 'Life'

My Focus :- learning the value of time.

The lesson that changed my life

For a long time, I waited for 'inspirati or the "right mood" to finish my work. I ended up stressed and rushing at the last minute.

The lesson I learned :-

Disipline is doing what needs to be done, even when you don't feel like it.

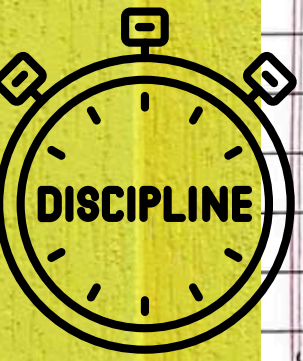

The change that I got in my life :-

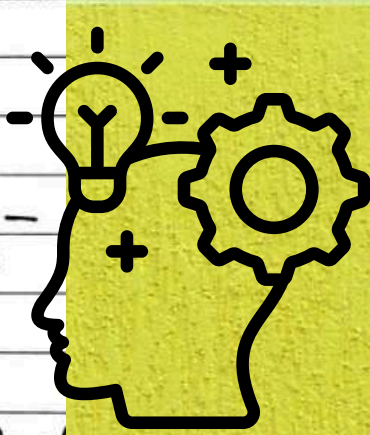

I started following the 5-minute Rule - if I don't want to do something, I promise to do it for 5-minutes. Usually I don' stop, once I start. This shift from "lazines to "routine" reduced my anxiety and improve my confidence. I learned that my future is built by what I do everyday.

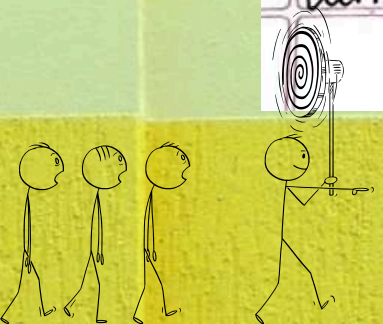

Aashna Gupta
Grade 6

Be Kind to Yourself

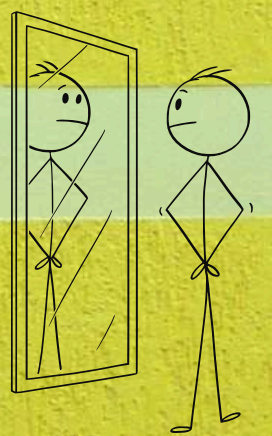

Goals

My Hero, My Mom

My mother is my hero! ask me why so,
She is a multitasker,
Everyday for her is a fight.
Taunts from the relatives just doesn't feel right.
She gives us her time and expects nothing in change.
If I were at her place it would feel so strange.
How can someone handle everything under this much pressure?
That none of the technologies togethe will be able to measure.
Have you ever done anything for her, ask yourself.
Other than making cards on Mother's day? It doesn't matter.
Just go someday and help her in the kitchen.
The smile in the answer will forever your mission.
I love my mother, you love yours.
Respect her, treat her like a queen.

She will make your life-
lovely evergreen

Benefits of Canvas Painting

- Stress Relief - The act of painting is meditative and helps in reducing stress and anxiety.
- Emotional Expression - It provides a non-verbal outlet for expressing complex emotions & thoughts
- Improved Motor Skills - Handling brushes and making presice movements enhance fine motor skills and hand-eye coordination.
- Boosts Creativity - It fosters creative thinking and allows for boundless self-expression and experimenting with various tequniques.
- Problem-Solving Skills - Artists engage critical thinking to resolve challenges encountered during the painting process.
- Enhanced Memory - The process of visualizing and recreating concepts strengthens memory and concentration
- Increased Self-Esteem - Completing a project provides a tangible sense of accomplishment and boosts self-confidence.
- Mindfulness - It encourages staying focused on the present moment, promoting a state of mindfulness.
- Durable Medium - Canvas is strong and lasting material, ensuring artwork can be preserved for a long time.

AANYA VERMA - GRADE VII

This delicate crochet hachd kerchief is lovingly handmade using fine yarn and a single hook, each loop and pattern is crafted with care, showing patience, creativity and skill. The elegant design highlights the beauty of traditional crochet art, turning simple yarn into a graceful and useful accessory. I made this handkerchief during my summer vacation, lovingly taught and guided by my aunt. This hand-crafted piece reflects dedication to craftwork and celebrates the charm of handmade creations.

Kanvika Gr IV.

Crochet

Krishna is a major deity in Hinduism, revered as a god of protection, compassion and love, and is considered the Supreme Being in some traditions, or a principal avatar of the god Vishnu. Born over 5,000 years ago in Mathura to parents Devaki & Vasudeva, he was raised in Vrindavan by his foster parents Nanda & Yashoda.

AASHNA- GRADE VI

* Festivals of light *

We celebrate Diwali as the Festival of lights, symbolizing the triumph of light over darkness and good over evil, primarily marking Lord Rama's return to Ayodhya after defeating Ravana. It's also a time to honor Goddess Lakshmi for wealth and prosperity.

* Duration

Diwali is a five-day festival, with different days focusing on specific rituals, starting with Dhanteras and ending with Bhai Dooj.

* Lighting Lamps (Diyas)

clay lamps, candels, and lights illuminate homes, streets, and temples to welcome Goddess Lakshmi.

Rangoli

Intricate, colorful patterns made from rice flowers or powder are created at entrances to bring good luck.

Lakshmi Puja

Evening prayers to Goddess Lakshmi (wealth) and Ganesha (remover of obstacles) for blessings in the new year.

cleaning and decorating

Homes are thoroughly cleaned, renovated, and adorned with lights and flowers, as Lakshmi is believed to visit clean homes.

*Fasting and sweets

Sharing special homemade sweets (mithai) like laddoos and Barfis, and savory snacks.

*Gifts and Exchange

Exchanging gifts, sweets, and dried fruits with family, friends and neighbours.

*New clothes

Wearing new or best traditional attire, symbolising a fresh start.

Fireworks

Bursting crackers and fireworks, though increasingly moderated due to pollution concerns, to ward off evil spirits.

Essay

Chhatrapati Shivaji Maharaj

Chhatrapati Shivaji Maharaj was a brave warrior king who founded the Maratha Empire in India. He was born in February 19, 1630, in Shivneri Fort, Maharashtra. Known for his smart tactics like guerilla warfare. He built strong kingdom and army, creating forts like Raigad and a powerful navy to protect his people from bigger empires, even becoming India's first Chhatrapati (King) in 1674.

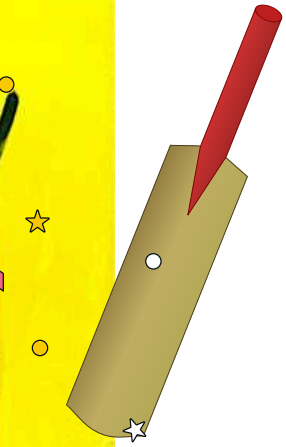

He was a great leader who taught respect for all religions, used marathi in his court and is remembered as a symbol of courage and good governance.

My STEM experience

My STEM experience at Educon International, Hinjewadi branch, was enriching & inspiring. Students presented impressive models of Science & Mathematics including the Human Heart, Excretory system, arms & muscles, shapes & LCM, which helped explain concepts clearly through hands-on learning. Language sessions highlighted the works of renowned English, Hindi & Marathi poets, Encouraging Creativity & cultural appreciation. Innovative AI & Robotics models reflected future ready skills & technological thinking. The DNA model was a major highlight for it's clarity & impact. Adding artistic excellence the French play was an extraordinary achievement, showcasing confidence, expression, team work & global exposure. It showed me how STEM can turn curiosity into real understanding.

India's Scientific Achievements I Admire

India has made many great scientific achievements that make me feel proud. One achievement I admire is the Mars Orbiter Mission (Mangalyaan) India became the first country to reach Mars in its first attempt. Dr. A.P.J Abdul Kalam said, "Science is a beautiful gift to humanity." This mission showed India's intelligence and hardwork.

Another achievement is ISRO's Chandrayaan missions, which helped us learn about the Moon. Chandrayaan-1 proved that India can land safely on the Moon. It teaches us to never give up. As Dr. Kalam said "Dream, dream, dream. Dreams transform into thoughts result in action."

These achievements inspire me to study science and serve my country. India's scientists make our nation shine in the world.

SCHOOL BAG

"My school bag is My Time Machine"

My school bag looks quite ordinary,
Just zippers, straps, and seams.
But when I snap the buckles shut,
It starts to glow with dreams.

A pencil turns to rocket fuel,
My eraser is the key.
One whisper of the secret code,
And off we zoom, set free.

On Monday, we are in dinosaur lands,
With tails and teeth so long.
On Tuesday, we chase waterfalls,
And learn the jungle's song.

On Wednesday, we surf on clouds,
Above the busy town.
On Thursday, we build robot friends
Who never let us down.

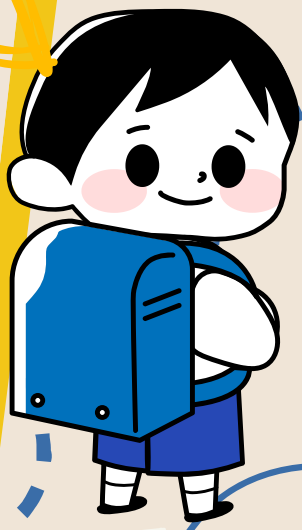

By Friday, we are back in class,
With homework on the desk.
But every fact and every sum
Feels like a treasure chest.

So, if your day feels plain or dull,
Look closer in between.
Your bag, books, and curious mind
Can turn the world unseen.

WHAT'S NEW?

ABOUT OUR CLASS

YOHAAN MEHTA- GRADE V

CLASSROOM

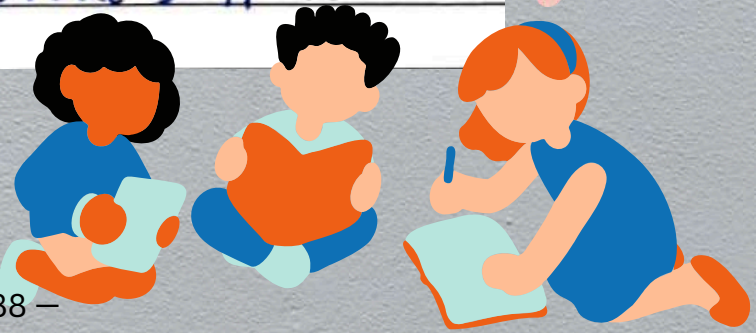

"Classroom That Builds The Future"

A classroom is not just a place to study, it is where life begins to take shape. It is where children learn to think, speak and believe in themselves. Every day students make mistakes, ask questions and slowly gain confidence. Teachers guide, support and motivate them, even when they feel unsure. A good classroom teaches discipline, teamwork and responsibility. It prepares students not only for exams but for real life.

Dreams are born here and goals are shaped here. That is why we truly say – "a classroom does not just teach, it builds the future."

Ruhi Rajesh Kyatam
Grade I A

– fit body – focused mind.

Have you ever noticed that after running around at recess, you feel more awake during math class? Or that when you eat a healthy breakfast, its easier to focus on a book?

That's because your body & your mind are like a superhero duo. when one is strong, it helps the other do a better job! Here is how you can keep your "Super Team" in a tip-top shape.

1) Move your muscles to wake up your brain:- When you exercise- whether its soccer, dancing, or just playing tag - your heart pumps more blood to your brain. This blood carries oxygen, which is like super-fuel for your brain.

Try this - If you're feeling stuck on homework, do 10 jumping jacks. You'll be surprised how much clearer your head feels!

2) fuel your focus :- Think of your body like a high-tech car. If you put the wrong fuel in, it won't run well. Eating "brain foods" like fruits, nuts, & veggies help you stay focused instead of feeling sleepy or "foggy".

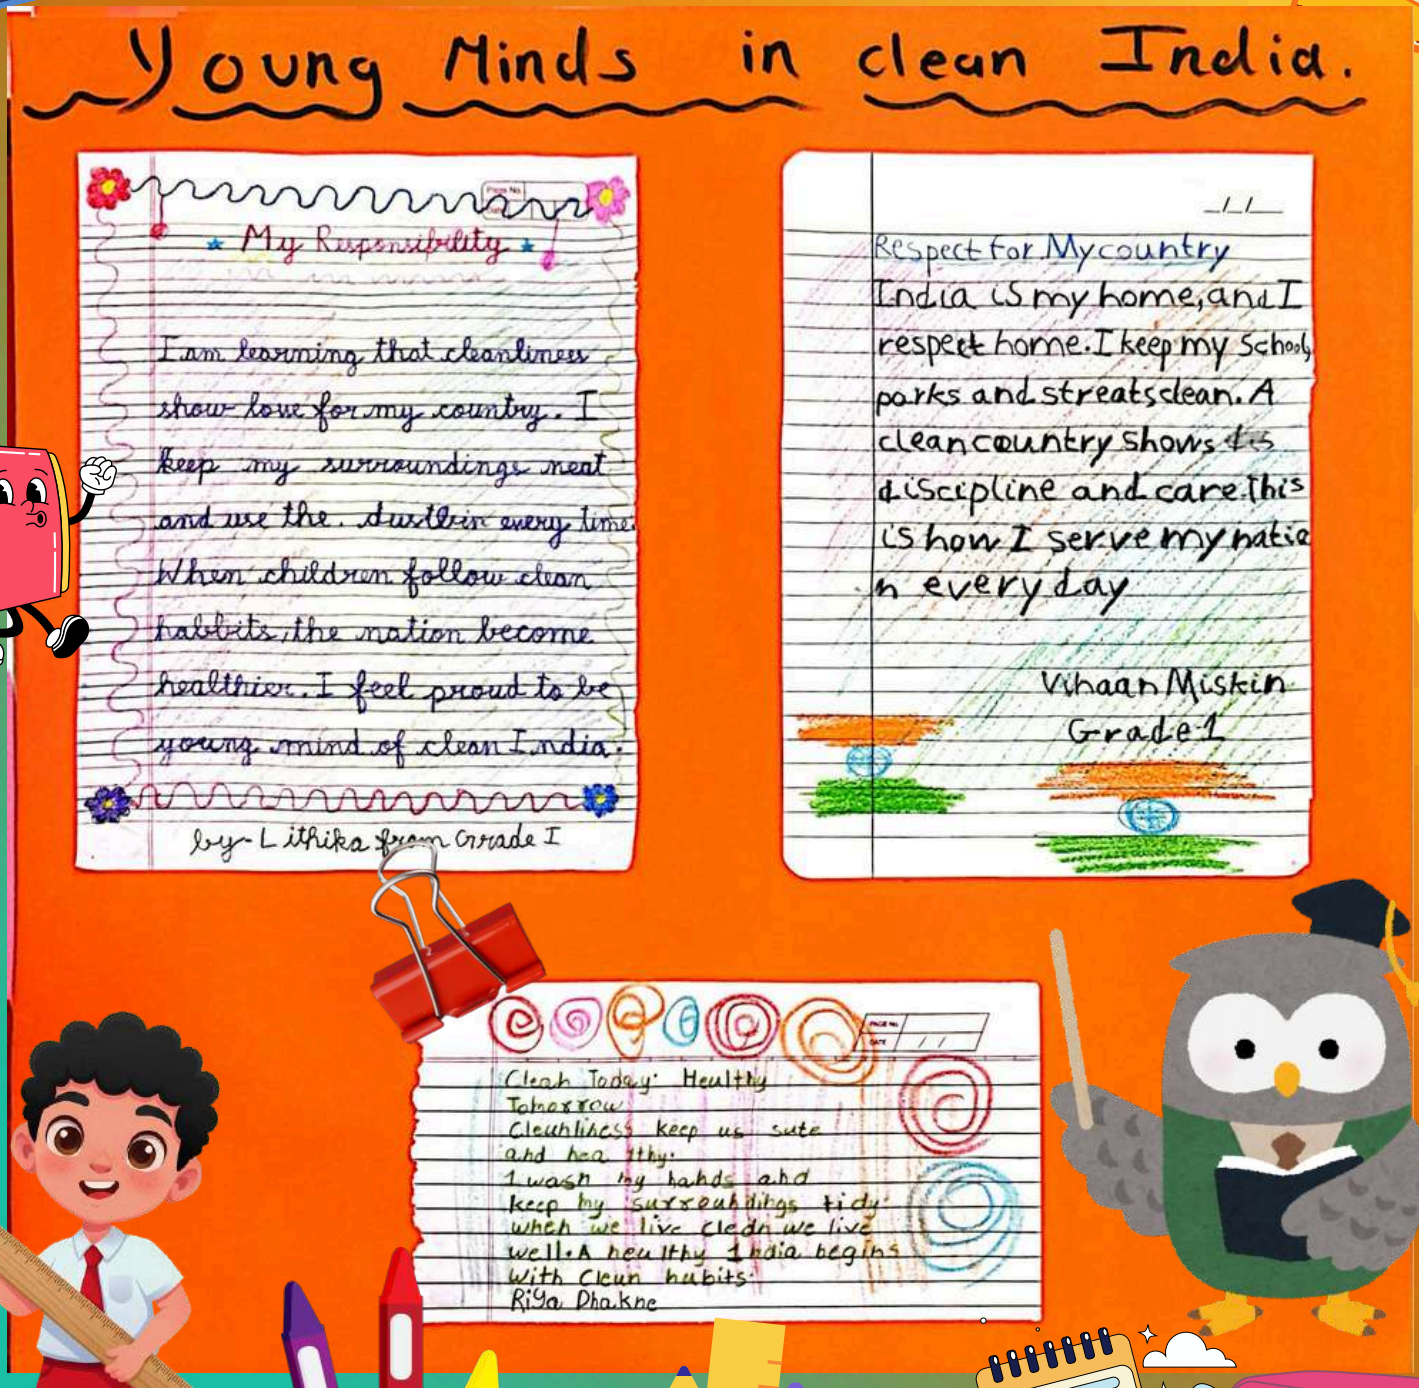

The benefit:- Healthy foods give you steady energy so you don't "crash" in the middle of the day.

Pro tip:- Drink plenty of water! your brain is mostly water, so staying hydrated keeps it running smoothly.

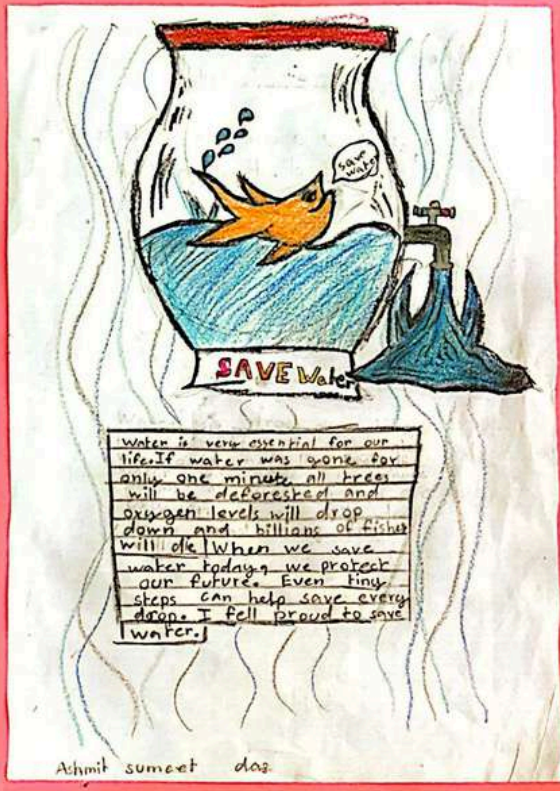

3) The power of sleep:- A fit body makes it easier to stay calm, pay attention in class and be creative.

YOUNG MINDS IN CLEAN INDIA

BUILDING A GREENER AND CLEANER NATION

Nature through young Eyes.

Water is very essential for our life. If water was gone for only one minute, all trees will be deforested and oxygen levels will drop down and billions of fishes will die. When we save water today, we protect our future. Even tiny steps can help save every drop. I fell proud to save water.

A Children's Day with a difference

With soldiers, at Educon

Every year, soldiers of the Indian Army visit Educon International School to celebrate Children's Day with students. Students give them beautiful gifts like handmade cards, drawings and crafts to thank them for protecting our nation selflessly.

The corona pandemic lockdown could not stop EIS from celebrating like every year- they celebrated Children's Day virtually this year.

Various online sessions were organised wherein students interacted with the army personnel.

Sr. GC1 Reena T spoke with students about her first posting at 61 Meghalaya Girls Battalion National Cadet Corps, Shillong as Sergeant Major Instructor. She was awarded with DG's commendation card in the year 2013. Gopika GK who is a girl cadet instructor in National Cadet Corps also shared her experience when she joined as a senior wing cadet. She also spoke about the various camps and how she represented Kerala and Lakshadweep at Inter- Directorate Thal Sainik Competition held at New Delhi in 2004. As a cadet, she also got an opportunity to attend the Special National Integration Camp at Srinagar in 2005. She elaborated the experience of how she escorted a team of girl cadets at the Republic Day Parade at New Delhi in 2013 and 2019. They shared a presentation too.

Videos of the armed forces were shown to students. EIS students also interacted with soldiers and army officers in other sessions. They were glad to answer questions asked by students.

Principal Vinita Khalkdkar shared her thoughts about creating awareness on the significance of defense forces among the students. The entire EIS staff thanked the soldiers for sparing their valuable time with us.

Various games like Scavenger Hunt and Simon Says were organised after the interaction with soldiers. EIS tiny tots enjoyed the puppet show presented by pre-school teachers. A PPT was shown to them about Children's day and Chacha Nehru.

A 21st Century School Adapting a New Paradigm of Education

Ranked No.4 in innovative teaching schools in India by a leading education magazine Grand Jury Rankings 2018-2019 , Ranked no. 1 in Maharashtra under the ICSE Parameter wise for 'Co-Curricular Education' by a leading education magazine in 2019 and recent accolade of achieving prestigious International Dimensions in School (IDS) certificate constituted by British Council in 2020, Educon International School is successfully implementing the concept of "Living School" by imparting its curriculum for excellence following Holistic well-being pedagogy and education for global citizenship.

Even in the Corona pandemic, EIS Virtual Learning framework has kick-started the academic year ensuring that "learning never stops at EIS". EIS Virtual Learning Framework is a curriculum

6 PUNE TIMES, THE TIMES OF INDIA VARIETY

Investitures held

Elected members of student council

EIS chairman Dr Nikhil Wagh speaks to the student council

At Educon International School

A leader is one who knows the way, goes the way, and shows the way.

Investiture ceremony for the newly appointed Student Council was organised in virtual mode on 17th July 2021. Educon International School believes that Investiture Ceremony sets the right tone for an Academic Year to commence and is an prestigious event in every school's calendar.

Principal, Dr Urma Zuberi administered the oath taking ceremony along with the vice-principal Archana Okhade in which the school entrusted responsibilities on young leaders to discharge their duties honestly, sincerely and to the best of their ability.

The office bearers were addressed by chief guest Sarika Wagh (director). Vinita Khalkdkar (exec. director) and Dr Urma Zuberi (principal). Director Sarika Wagh congratulated the student council and advised the students to perform their duties with utmost dedication as it is a platform to enhance their leadership skills and set new benchmarks. She said that it's an opportunity to be role models for other students to emulate and follow. And that it is a huge responsibility they have on their shoulders as school ambassadors representing the EIS student community. She spoke about how action and deeds of all students within the school and outside should reflect EIS's culture and ethos.

Principal Dr Urma Zuberi began her address appreciating the students, teachers and parents for all the work they are doing in the current distance learning mode of education. She reminded the elected students that they have received this position because students thought over their ability to lead and voted for them. She emphasized on the seven qualities or virtues of Leadership; that are Humility, Courage, Integrity, Compassion, Humour, Passion and Wisdom. She described all the qualities in detail and how they are applicable to the office bearers. She concluded the speech by discussing the challenges for this year and how the student council can overcome the same by instilling the qualities that were discussed by her. EIS exec. director Vinita Khalkdkar also spoke, quoting Grace Lichtenstein, "Work for a cause, not for applause. Live life to progress, not to impress. Don't strive to make your presence noticed, just make your absence felt," and reiterated the active and vibrant role of the student council in supplementing the efforts of the school in achieving the mission statement.

In another virtual session, EIS chairman Dr Nikhil Wagh congratulated the student council members. The new council members had an engaging and interactive session with the chairman. He spoke on leadership skills and the vital role of the student council in various aspects like discipline, schools' events, festivals, the initiatives like EIS TV, Radio, Newsletter, Clubs, Yearly planner, Inter House competitions, etc. He concluded his address explaining how the student council is an integral part of the EIS ecosystem and that he has high expectations from each of them and they should rise up to the expectations and set the bench mark high for others to follow.

Teaching that makes a difference

Pics: Nilesh Pargaonkar

True to its tagline, 'excellence in education', Educon International School, located in Baner, has bought about quality holistic education within the reach of a large section of society. The school implements the unique concept of a 'living school' and is redefining the way education is imparted in India.

The school offers programmes for toddlers to standard 10 and prepares students for ICSE (Indian Certificate of Secondary Education) examinations with an integration of education for global citizenship.

Some of the key highlights of the school's offerings include:

- **Teachers make the difference:** Well trained and competent teachers, regular professional development workshops designed to enable teachers to update themselves with latest ing inspiring pedagogical activities to develop the intellectual dimension, emotional and affectionate dimension, physical dimension and the creative dimension of every student
- **Curriculum for Excellence:** Play based international curriculum for preschool, well learning outcomes, immersion teaching methodology, integration of education for global citizenship, life skills and sports are an integral part of the curriculum
- **Parents:** Partner with the school towards the holistic approach and implement the concept of a living school to learn with pleasure
- **Affordable fees**

Innovative and enriching learning environment

Educon International School offers quality holistic education and is

Learning by Doing

Students today are learning through hands-on exploration and activity-driven participation, making classroom engagement more meaningful as education shifts from textbook instruction to experiential understanding

Devanshi Shah
dtinewsdesk.com

Schools are steadily shifting towards experiential learning to enrich classroom understanding and make concepts more meaningful. Instead of depending primarily on textbook reproduction, children are being encouraged to experience lessons through observations, inquiry and direct exploration. This approach gives learners a space to interpret subjects through what they see, measure, create and record, resulting in deeper comprehension and stronger conceptual retention.

MEANING IN APPLICATION

Real-life observation, small-scale experimentation, field-based documentation and hands-on activities are gradually becoming part of structured learning. Whether students measure patterns, compare outcomes, monitor behavioural changes in nature, record shifts in environment-based variables or interpret daily life occurrences using academic principles, the priority is on enabling them to recognise how theory behaves in real-time situations. When content is decoded through tangible behaviour and practical trial, it becomes easier to internalise.

Niyati Patel, a teacher, shares, "Experiential tasks help students remember concepts because they work with curiosity and not mechanical copying. When they attempt, observe and conclude independently, the confidence they carry ahead becomes stronger, since rooted and far more self-assured."

Students begin associating formulas, definitions, rules, steps and processes with outcomes they have personally engaged with. They learn to arrive at conclusions through their own analysis, which builds clearer understanding and develops authentic grasp of the subject.

ACTIVE CLASSROOMS RISING

Lessons are increasingly being designed with interactive models, science corners, science fairs, and collaborative projects, where learning is visible, shared and celebrated. Teachers are also using digital tools, quizzes and gamified assessments to make learning more engaging and measurable.

जबाबदार नागरिक घडविण्याचा 'एड्युकॉन'चा वसा

विद्यार्थ्यांचा सर्वांगीण विकास करणारे शिक्षण दिले जावे, या उद्देशाने 'एड्युकॉन इंटरनॅशनल स्कूल'ची स्थापना करण्यात आली. गेल्या दहा वर्षांपासून ही संस्था कार्यरत असून, बाणेर येथील कॅम्पसमध्ये अडीच हजार विद्यार्थी दर्जेदार शिक्षण घेत आहेत.

विद्यार्थ्यांना आधुनिक शिक्षण पद्धतीद्वारे भविष्यातील जीवनासाठी सक्षम बनविण्याच्या दृष्टिकोनातून 'एड्युकॉन इंटरनॅशनल स्कूल'ची स्थापना झाली. संस्थेचा प्रारंभ सन २०१५ मध्ये पुण्यात झाला. सुरुवात झाली तेव्हा फक्त पाच विद्यार्थी होते. आज शाळेत अद्ययावत डिजिटल क्लासरूम्स, शैक्षणिक प्रयोगशाळा, ग्रंथालय, क्रीडा सुविधा आहेत. आजवरच्या प्रवासाचा मागोवा घेताना स्कूलचे अध्यक्ष निखिल वाघ सांगतात, ''एड्युकॉन इंटरनॅशनल स्कूलने अनेक अडचणींचा सामना केला. परंतु त्या अडचणींना संधी मानून सातत्याने आम्ही प्रगती करीत गेलो. पायाभूत सुविधांचा विकास हेदेखील मोठे आव्हान होते. नवीन इमारती, प्रयोगशाळा, क्रीडा सुविधा अशा गोष्टींसाठी जागा आणि आर्थिक गुंतवणूक आवश्यक होती. त्यासाठी विकासाचे टप्पे ठरवून नियोजन केले. तंत्रज्ञानाचा स्वीकार आणि अंमलबजावणी करताना शिक्षक, विद्यार्थी व पालक या सर्वांनाच डिजिटल पद्धती आत्मसात करणे सोपे जावे म्हणून शाळेने ऑनलाईन ट्रेनिंग कार्यक्रम सुरू केले.''

'पेरेंट ऑन कॅम्पस' द्वारे पालकांना शाळेच्या दैनंदिन शैक्षणिक व सहशालेय उपक्रमांमध्ये थेट सहभागी होता

निखिल वाघ
अध्यक्ष,
एड्युकॉन इंटरनॅशनल स्कूल

येते, हे शाळेचे वेगळेपण आहे. विद्यार्थ्यांना विविध सामाजिक उपक्रमांत सहभागी करून जीवनमूल्यांची शिकवण दिली जाते.

निखिल वाघ सांगतात, ''या प्रवासात नेहमी पाठीशी उभी राहिलेली पत्नी सारिका यांचे योगदान मोलाचे आहे. शाळेच्या व्यवस्थापनात त्या सक्रिय सहभाग घेतात.'' 'एड्युकॉन इंटरनॅशनल स्कूल'ने भविष्यातील आव्हाने लक्षात घेऊन शैक्षणिक दिशा ठरविली आहे. पारंपरिक अभ्यासक्रमाबरोबरच कोडिंग, रोबोटिक्स, आर्टिफिशियल इंटेलिजन्स, डिझाईन थिंकिंग अशा कौशल्याधारित शिक्षणाचा समावेश केला आहे. प्रत्येक आव्हानाला संधी मानून 'एड्युकॉन इंटरनॅशनल स्कूल'ने नव्याच्या दिशेने घडविले आहे, हेच आमचे सर्वांत मोठे यश आहे, असे निखिल वाघ सांगतात.

'एड्युकॉन इंटरनॅशनल स्कूल'ला एका सर्वेक्षणात 'टॉप फाईव्ह इनोव्हेटिंग स्कूल्स इन इंडिया' म्हणून गौरविले आहे. 'एज्युकेशन टुडे'चा २०२३ चा 'प्रभावशाली शिक्षणतज्ज्ञ' पुरस्कार अध्यक्ष निखिल वाघ यांना मिळाला आहे.

Poonam Tandale
Parents of Vishwaraj Tandale

Appreciation for a Remarkable Academic Year - Parents of Vishwaraj Tandale

Dear Ms. Ruchi Dhakephalkar, (Principal, EIS Hinjawadi),

We are writing to share our sincere appreciation for the wonderful experience our son, Vishwaraj, has had this year. While we were initially skeptical about transferring him from the Baner branch to Educon International School, Hinjawadi due to our relocation, we now feel it was an excellent decision for his growth.

The school's focus on holistic development is evident in the high-quality events and activities organized throughout the year. We have seen significant progress in Vishwaraj's academic and extracurricular journey—from the STEM exhibition and festival celebrations to sports and the annual concert. Every program has been planned and executed with great care, reflecting the immense effort put in by your entire team.

It is heartening to see the strong bond developing between Vishwaraj and his teachers. This connection is clearly the reason why he looks forward to school every morning with such happiness and enthusiasm. We were especially proud to see him participate so confidently in this year's Annual Concert, "Navras." The selection of songs, the rehearsals, and the attention to detail were superb. Seeing him dance, play a musical instrument, and take on the role of an anchor was a delightful surprise for us. Special thanks to dance teacher!

Hearty congratulations to you and your staff on the grand success of the concert! Please convey our gratitude to the entire team for their dedication.
We are confident that by working together, parents and teachers will continue to nurture our children into great citizens and contributors to the nation.

Thanking you,
Sincerely,
Poonam and Abhijit Tandale

THE POWER OF EXPRESSION

PRACHI ANKITA| Teacher's Voice

Education reaches its true potential when learning is not only delivered, but also expressed.

At Educon International School, we strongly believe that every child has a voice worth hearing. While classrooms build knowledge, platforms like EIS TV, EIS Radio, and Expressions—our school magazine—build confidence, clarity, and communication skills.

This magazine is designed as a space where students move beyond being learners to becoming communicators, thinkers, and storytellers. Whether through written articles, creative pieces, interviews, or reflections, Expressions encourages students to articulate their ideas, share perspectives, and engage meaningfully with their school community.

In a world where communication plays a vital role in leadership, collaboration, and innovation, nurturing these skills early becomes essential. Through media-based learning experiences, students develop not only language proficiency, but also critical thinking, empathy, teamwork, and self-belief.

Expressions is more than a compilation of activities and achievements. It is a reflection of our school culture—one that values creativity, inclusivity, and confidence. Each page represents a step towards empowering students to express themselves with authenticity and purpose.

As you turn these pages, you will witness young voices taking shape, ideas finding direction, and learning coming alive through expression.

Importance of Discipline

MONICA SHARMA | Teacher's Voice

Discipline is one of the most important qualities a person can have. It plays a key role in shaping our character and guiding us toward success. For students, discipline is especially important as it helps in building good habits and maintaining focus on studies.

In school, discipline means following rules, being punctual, completing homework on time, and respecting teachers and classmates. These small habits create a strong foundation for a responsible and organized life. A disciplined student knows how to manage time effectively and balance studies with other activities.

Discipline also teaches self-control and patience. It helps us stay calm in difficult situations and make better decisions. Without discipline, it becomes easy to get distracted and lose direction. Even talented individuals may fail if they lack discipline, while average students can achieve great success through consistent effort and dedication.

Moreover, discipline is not limited to school life. It is equally important in personal and professional life. People who are disciplined are more reliable, confident, and successful. They are able to set goals and work steadily towards achieving them.

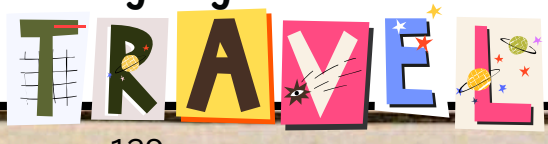

In today's fast-paced world, distractions are everywhere. Social media, mobile phones, and entertainment can easily take away our focus. Discipline helps us control these distractions and stay committed to our priorities. It encourages us to use our time wisely and make productive choices.

In conclusion, discipline is the foundation of a successful and meaningful life. It helps us grow into responsible individuals and achieve our dreams. By practicing discipline in our daily routine, we can build a bright future and contribute positively to society.

MY EDUCON JOURNEY – A POETIC TALE FROM NORTH TO SOUTH

Amanpreet Kaur | Teacher's Voice

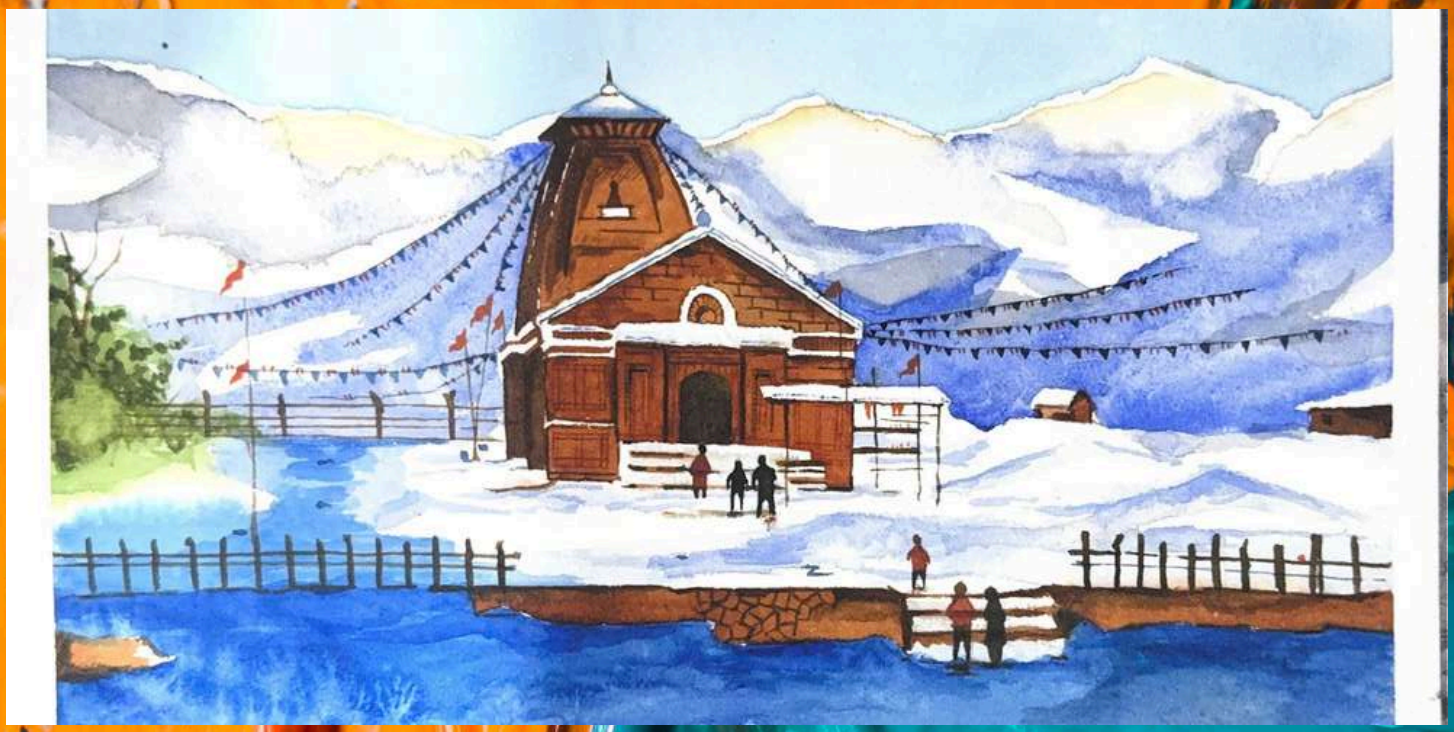

From Chandigarh North to Pune South, I travelled far with hope in my mouth— A suitcase of dreams, a heart full of cheer, And Google Maps whispering, "Turn left here!" My journey began with a meeting so grand, Where Chairman Sir questioned while I tried to stand. I smiled with courage, though nerves ran deep— My hands were shivering like they'd lost their sleep. But fortune was kind—what a glorious day! I got selected right away. "Come in two weeks for your offer letter," he said— I nodded calmly, though fireworks burst in my head. Then HR called with a twist in the plot, "Submit your credentials"—a practice North schools forgot. For a moment I wondered, "Is this a school or the CBI?" But Director Ma'am stepped in with guidance so high. With her support gentle, clear, and wise, All doubts vanished—like magic before my eyes. Offer letter signed, I felt the spark; My Educon journey had truly embarked. On 3rd June 2024, I proudly walked through The Educon gates, ready for something new. Switching from CBSE to ICSE felt bold, Like shifting from mild breeze to winds more cold. But I learned, adapted, polished my art— Teaching with passion and a confident heart. I hosted events, I trained anchors to shine, Arranged mystery readers, sometimes hard to find! I mastered multitasking with surprising grace— Running a class and an event... sometimes in the same space. Colleagues turned friends made my journey bright, With teamwork glowing like festival light. And guiding us all with warmth so steady, Principal Mrs. Ruchi—our strength always ready. But the true joy of each Educon day Is my lovely students in every way. Their smiles, their spirit, their eager eyes— They make challenges small and victories rise. They're the pride of the school, its beating heart, The reason I cherish my teaching art. Through every chapter—big or small — I learned that teamwork conquers all. Hard work, dedication, and courage combined Bring beautiful growth of every kind. So here's my wish, sincere and bright: May Educon continue to reach new height. And with gratitude deep, I can truly say— I'm blessed to be part of this family today.

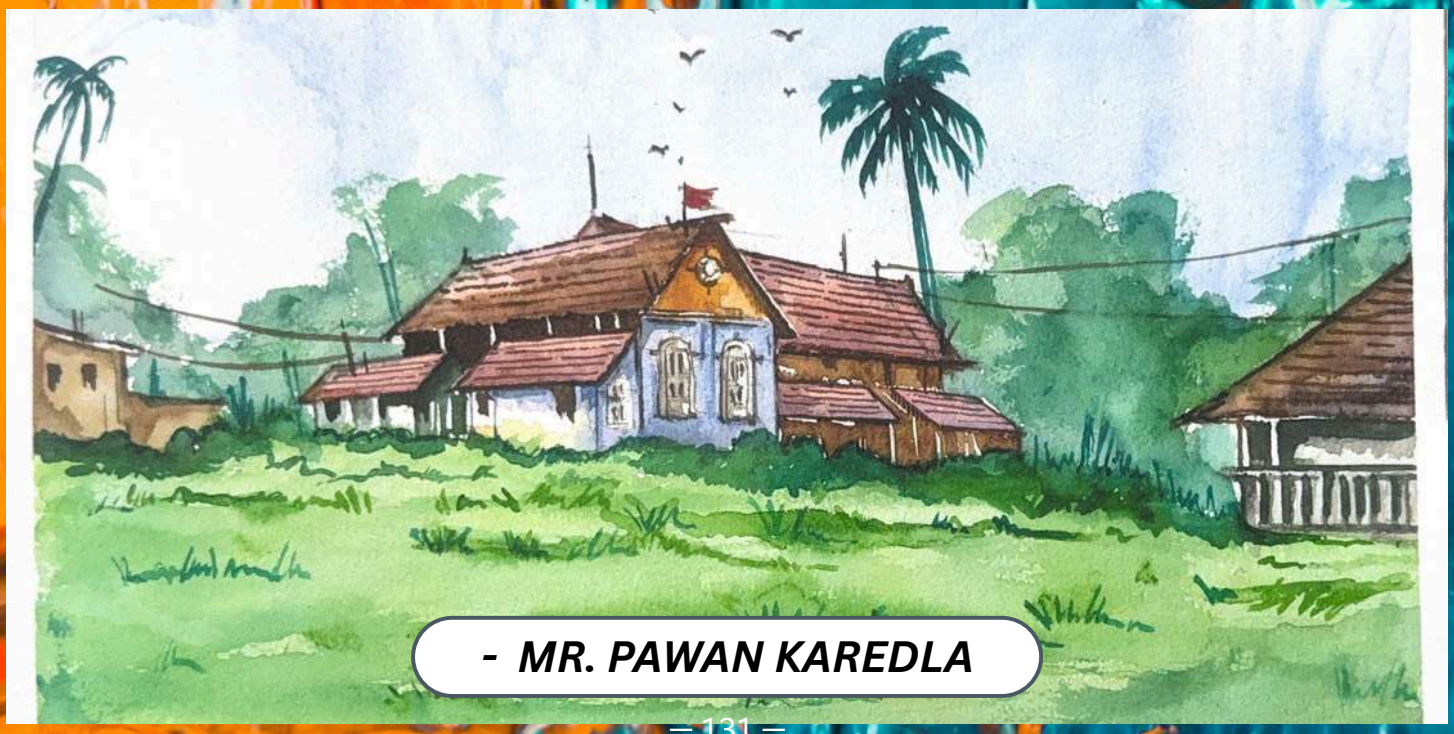

विद्यार्थियों को समर्पित

देखता हूँ आपके बढ़ते कदमों का
विकास,
बढ़ जाता है मेरा तब और भी
विश्वास।
हौसला भी भर सकूं एक सफल
उड़ान को,
नाप सकोगे तब तुम पूरे आसमान
को।
अंजाम मेरा कुछ भी हो, आगाज़
आप हो,
इस बेज़ुबाँ संगीत का साज़ आप हो।
कल आएगा तुम्हारा यह तय तो है
लेकिन,
मेरी उम्मीदों की किरण का आज
आप हो।।
